AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

This bill creates a new management district in Fort Bend County to facilitate and support the development of a 274-acre parcel of land with district generated revenues through tax assessments and or an ad valorem tax on commercial property, that will reimburse certain infrastructure development costs for both underground and surface infrastructure related to the development. The parcel of land is currently undeveloped, and is located in an area in the northern portion of the City of Kendleton's extraterritorial jurisdiction.

The improvement district will provide a means of financing certain capital improvements, provide a maintenance stream of revenue for surface infrastructure, and also finance marketing and promotion of the commercial project, and security and safety services for the area once developed.

The project currently contemplates the development of an industrial complex to serve Kansas City Southern Railroad (KCS), and a myriad of mixed uses that may include residential, multi-family, office, retail, and other industrial usages. The property is currently owned by several individuals and incorporated entities under the control of KCS.

The district will not have the power of eminent domain, or any other extraordinary powers.

S.B. 1921 amends current law relating to the creation of Kendleton Improvement District, provides the authority to issue bonds, and provides the authority to impose assessments, fees, or taxes.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
