2 (e) The board may sue in the district's name.

3 Sec. 772.509. ADVISORY COMMITTEE. (a) The board shall  
4 appoint an advisory committee consisting of representatives of the  
5 participating jurisdictions. The advisory committee shall review,

8 operational issues.

9 (b) An advisory committee member must have the training and  
10 experience necessary to perform the duties assigned by the board.

11 (c) Chapter 2110, Government Code, does not apply to the  
12 advisory committee.

13 Sec. 772.510. DIRECTOR OF DISTRICT; STAFF. (a) The  
14 executive director of the regional planning commission in the  
15 district's region serves as director of the district.

16 (b) The director shall:

17 (1) perform all duties required by the board;

18 (2) ensure board policies and procedures are  
19 implemented for the purposes of this subchapter; and

20 (3) assign employees of the regional planning  
21 commission to perform duties under this subchapter as necessary to  
22 carry out the district's operations.

23 (c) The director may use district money to compensate an  
24 employee assigned duties under this subchapter and the director.

25 (d) The director and an employee assigned duties under this  
26 subchapter are employees of the regional planning commission for  
27 all purposes.

1       Sec. 772.511. BUDGET; ANNUAL REPORT; AUDIT. (a) The  
2 director shall prepare, under the direction of the board, an annual  
3 budget for the district. The budget and any revision of the budget  
4 must be approved by the board.

5       (b) As soon as practicable after the end of each district  
6 fiscal year, the director shall prepare and present to the board a  
7 written report of all money received by the district and how the  
8 money was spent during the preceding fiscal year. The report must  
9 show, in detail, the operations of the district for the period  
10 covered by the report.

11       (c) The board annually shall have an independent financial  
12 audit made of the district.

13       Sec. 772.512. PROVISION OF 9-1-1 SERVICE. (a) A district  
14 shall provide 9-1-1 service to each participating jurisdiction  
15 through one or a combination of the following methods and features  
16 or equivalent state-of-the-art technology:

- 17               (1) the transfer method;
- 18               (2) the relay method;
- 19               (3) the dispatch method;
- 20               (4) automatic number identification;
- 21               (5) automatic location identification; or
- 22               (6) selective routing.

23       (b) The district shall recommend minimum standards for a  
24 9-1-1 system. The 9-1-1 system must be computerized.

25       (c) For each individual telephone subscriber in the  
26 district, 9-1-1 service is mandatory and is not an optional service  
27 under any definition of terms relating to telephone service.

1       Sec. 772.513. LIABILITY. A service supplier involved in  
2 providing 9-1-1 service, a manufacturer of equipment used in  
3 providing 9-1-1 service, or an officer or employee of a service  
4 supplier involved in providing 9-1-1 service may not be held liable  
5 for any claim, damage, or loss arising from the provision of 9-1-1  
6 service unless the act or omission proximately causing the claim,  
7 damage, or loss constitutes gross negligence, recklessness, or  
8 intentional misconduct.

9       Sec. 772.514. PRIMARY EMERGENCY TELEPHONE NUMBER. The  
10 digits 9-1-1 are the primary emergency telephone number in a  
11 district. A public safety agency whose services are available  
12 through a 9-1-1 system:

13             (1) may maintain a separate number for an emergency  
14 telephone call; and

15             (2) shall maintain a separate number for a  
16 nonemergency telephone call.

17       Sec. 772.515. TRANSMITTING REQUESTS FOR EMERGENCY AID. (a)  
18 A 9-1-1 system established under this subchapter must be capable of  
19 transmitting requests for firefighting, law enforcement,  
20 ambulance, and medical services to a public safety agency that  
21 provides the requested service at the location from which the call  
22 originates. A 9-1-1 system may provide for transmitting requests  
23 for other emergency services, including poison control, suicide  
24 prevention, and civil defense.

25             (b) A public safety answering point may transmit emergency  
26 response requests to private safety entities.

27             (c) With the consent of a participating jurisdiction, a

1 privately owned automatic intrusion alarm or other privately owned  
2 automatic alerting device may be installed to cause the number  
3 9-1-1 to be dialed to gain access to emergency services.

4 Sec. 772.516. 9-1-1 EMERGENCY SERVICE FEE. (a) The board  
5 may impose a 9-1-1 emergency service fee on service users in the  
6 district.

7 (b) The fee may be imposed only on the base rate charge or  
8 the charge's equivalent, excluding charges for coin-operated  
9 telephone equipment. The fee may not be imposed on:

10 (1) more than 100 local exchange access lines or the  
11 lines' equivalent for a single business entity at a single  
12 location, unless the lines are used by residents of the location; or

13 (2) any line that the Commission on State Emergency  
14 Communications has excluded from the definition of a local exchange  
15 access line or equivalent local exchange access line under Section  
16 771.063.

17 (c) If a business service user provides residential  
18 facilities, each line that terminates at a residential unit and is a  
19 communication link equivalent to a residential local exchange  
20 access line shall be charged the 9-1-1 emergency service fee. The  
21 fee must have uniform application throughout the district and be  
22 imposed in each participating jurisdiction in the district.

23 (d) The rate of the fee may not exceed six percent of the  
24 monthly base rate the principal service supplier in the  
25 participating jurisdiction charges a service user.

26 (e) The board shall set the amount of the fee each year as  
27 part of the annual budget. The board shall notify each service

1 supplier of a change in the amount of the fee not later than the 91st  
2 day before the date the change takes effect.

3 (f) In imposing the fee, the board shall attempt to match  
4 the district's revenues to the district's operating expenditures  
5 and to provide reasonable reserves for contingencies and for the  
6 purchase and installation of 9-1-1 emergency service equipment. If  
7 the revenue received from the fee exceeds the amount of money needed  
8 to fund the district, the board by resolution shall reduce the rate  
9 of the fee to an amount adequate to fund the district as required by  
10 this subsection or suspend the imposition of the fee. If the board  
11 suspends the imposition of the fee, the board by resolution may  
12 reinstitute the fee if money received by the district is not  
13 adequate to fund the district.

14 (g) For a county or municipality whose governing body at a  
15 later date votes to receive 9-1-1 service from the district, the fee  
16 is imposed beginning on the date specified by the board. The board  
17 may charge the incoming county or municipality an additional amount  
18 of money to cover the initial cost of providing 9-1-1 service to  
19 that county or municipality. The fee authorized to be charged in a  
20 district applies to new territory added to the district under  
21 Section 772.506(b) when the territory becomes part of the district.

22 Sec. 772.517. COLLECTION OF FEE. (a) Each billed service  
23 user is liable for the fee imposed under Section 772.516 until the  
24 fee is paid to the service supplier. The fee must be added to and  
25 stated separately in the service user's bill from the service  
26 supplier. The service supplier shall collect the fee at the same  
27 time as the service charge to the service user in accordance with

1 the service supplier's regular billing practice. A business  
2 service user that provides residential facilities and owns or  
3 leases a publicly or privately owned telephone switch used to  
4 provide telephone service to facility residents shall collect the  
5 9-1-1 emergency service fee and transmit the fees monthly to the  
6 district.

7 (b) The amount collected by a service supplier from the fee  
8 is due quarterly. The service supplier shall remit the amount  
9 collected in a calendar quarter to the district not later than the  
10 60th day after the last day of the calendar quarter. With each  
11 payment, the service supplier shall file a return in a form  
12 prescribed by the board.

13 (c) Both a service supplier and a business service user  
14 under Subsection (a) shall maintain records of the amount of fees  
15 the service supplier or business service user collects until at  
16 least the second anniversary of the date of collection. The board  
17 may require, at the board's expense, an annual audit of the service  
18 supplier's or business service user's books and records with  
19 respect to the collection and remittance of the fees.

20 (d) A business service user that does not collect and remit  
21 the 9-1-1 emergency service fee as required is subject to a civil  
22 cause of action under Subsection (g). A sworn affidavit by the  
23 district specifying the unremitted fees is prima facie evidence  
24 that the fees were not remitted and of the amount of the unremitted  
25 fees.

26 (e) A service supplier may retain an administrative fee of  
27 two percent of the amount of fees the service supplier collects

1 under this section.

2 (f) A service supplier is not required to take any legal  
3 action to enforce the collection of the 9-1-1 emergency service  
4 fee. The service supplier shall provide the district with an annual  
5 certificate of delinquency that includes the amount of all  
6 delinquent fees and the name and address of each nonpaying service  
7 user. The certificate of delinquency is prima facie evidence that a  
8 fee included in the certificate is delinquent and of the amount of  
9 the delinquent fee. A service user account is considered  
10 delinquent if the fee is not paid to the service supplier before the  
11 31st day after the payment due date stated on the user's bill from  
12 the service supplier.

13 (g) The district may file legal proceedings against a  
14 service user to collect fees not paid by the service user and may  
15 establish internal collection procedures and recover the cost of  
16 collection from the nonpaying service user. If legal proceedings  
17 are filed by the district, the court may award costs, attorney's  
18 fees, and interest to be paid by the nonpaying service user. A  
19 delinquent fee accrues interest at the legal rate beginning on the  
20 date the payment becomes due.

21 Sec. 772.518. DISTRICT DEPOSITORY. (a) The board shall  
22 select a depository for the district in the manner provided by law  
23 for the selection of a county depository.

24 (b) A depository selected by the board is the district's  
25 depository until the second anniversary of the date of selection  
26 and until a successor depository is selected and qualified.

27 Sec. 772.519. ALLOWABLE EXPENSES. A district's allowable

1 operating expenses include all costs attributable to designing a  
2 9-1-1 system and all equipment and personnel necessary to establish  
3 and operate a public safety answering point and other related  
4 operations that the board considers necessary.

5 Sec. 772.520. NUMBER AND LOCATION IDENTIFICATION. (a) As  
6 part of computerized 9-1-1 service, a service supplier shall  
7 furnish, for each call, the telephone number of the subscriber and  
8 the address associated with the number.

9 (b) A business service user that provides residential  
10 facilities and owns or leases a publicly or privately owned  
11 telephone switch used to provide telephone service to facility  
12 residents shall provide to those residential end users the same  
13 level of 9-1-1 service that a service supplier is required to  
14 provide under Subsection (a) to other residential end users in the  
15 district.

16 (c) Information furnished under this section is  
17 confidential and is not available for public inspection.

18 (d) A service supplier or business service user under  
19 Subsection (b) may not be held liable to a person who uses a 9-1-1  
20 system created under this subchapter for the release to the  
21 district of the information specified in Subsections (a) and (b).

22 Sec. 772.521. PUBLIC REVIEW. (a) Periodically, the board  
23 shall solicit public comments and hold a public review hearing on  
24 the continuation of the district and the 9-1-1 emergency service  
25 fee. The first hearing shall be held on or before the third  
26 anniversary of the date of the district's creation. Subsequent  
27 hearings shall be held on or before the third anniversary of the

1 date each resolution required by Subsection (c) is adopted.

2 (b) The board shall publish notice of the time and place of a  
3 hearing once a week for two consecutive weeks in a daily newspaper  
4 of general circulation published in the district. The first notice  
5 must be published not later than the 16th day before the date set  
6 for the hearing.

7 (c) After the hearing, the board shall adopt a resolution on  
8 the continuation or dissolution of the district and the 9-1-1  
9 emergency service fee.

10 Sec. 772.522. DISSOLUTION PROCEDURES. (a) If a district is  
11 dissolved, 9-1-1 service must be discontinued. The regional  
12 planning commission for the district's region shall assume the  
13 district's assets, provide 9-1-1 service, and pay the district's  
14 debts. If the district's assets are insufficient to retire all  
15 existing debts of the district on the date of dissolution, the  
16 regional planning commission shall continue to impose the 9-1-1  
17 service fee, and each service supplier shall continue to collect  
18 the fee for the regional planning commission. Proceeds from the  
19 imposition of the fee by the regional planning commission after  
20 dissolution of the district may be used only to retire the  
21 outstanding debts of the district.

22 (b) The regional planning commission shall retire the  
23 district's debts to the extent practicable according to the terms  
24 of the instruments creating the debts and the terms of the  
25 resolutions authorizing creation of the debts.

26 (c) The governing body of the regional planning commission  
27 for the district's region may adopt rules necessary to administer

1 this section.

2 Sec. 772.523. ISSUANCE OF BONDS. The board may issue bonds  
3 in the name of the district to finance:

4 (1) the acquisition by any method of facilities,  
5 equipment, or supplies necessary for the district to provide 9-1-1  
6 service to each participating jurisdiction; or

7 (2) the installation of equipment necessary for the  
8 district to provide 9-1-1 service to each participating  
9 jurisdiction.

10 Sec. 772.524. REPAYMENT OF BONDS. The board may provide for  
11 the payment of principal of and interest on district bonds by  
12 pledging all or part of the district's revenues from the 9-1-1  
13 emergency service fee or from other sources.

14 Sec. 772.525. ADDITIONAL SECURITY FOR BONDS. (a) District  
15 bonds may be additionally secured by a deed of trust or mortgage  
16 lien on all or part of the district's physical properties and rights  
17 appurtenant to the properties, vesting in the trustee power to sell  
18 the properties for payment of the indebtedness, power to operate  
19 the properties, and any other power necessary for the further  
20 security of the bonds.

21 (b) The bond trust indenture, regardless of the existence of  
22 a deed of trust or mortgage lien on the properties, may:

23 (1) contain provisions prescribed by the board for the  
24 security of the bonds and the preservation of the trust estate; and

25 (2) make provisions for:

26 (A) amendment or modification; and

27 (B) investment of district funds.

1       (c) A purchaser under a sale under the deed of trust or  
2 mortgage lien is the absolute owner of the properties and rights  
3 purchased and may maintain and operate the properties.

4       Sec. 772.526. FORM OF BONDS. (a) A district may issue  
5 bonds in various series or issues.

6       (b) Bonds may mature serially or otherwise not more than 25  
7 years after the bonds' date of issuance. Bonds shall bear interest  
8 at any rate permitted by state law.

9       (c) A district's bonds and interest coupons:

10       (1) are investment securities under Chapter 8,  
11 Business & Commerce Code;

12       (2) may be issued registrable as to principal or to  
13 both principal and interest; and

14       (3) may be made redeemable before maturity or contain  
15 a mandatory redemption provision at the option of the district.

16       (d) A district may issue bonds in the form, denomination,  
17 and manner and under the terms and conditions provided by the board  
18 in the resolution authorizing the bonds' issuance. The bonds must  
19 be signed and executed as provided by the board in the resolution.

20       Sec. 772.527. PROVISIONS OF BONDS. (a) In this section,  
21 "resolution" means a board resolution authorizing the issuance of  
22 bonds, including refunding bonds.

23       (b) In a resolution, the board may:

24       (1) provide for the flow of funds and the  
25 establishment and maintenance of an interest and sinking fund,  
26 reserve fund, or other fund; and

27       (2) make additional covenants with respect to the

1 bonds, the pledged revenues, and the operation and maintenance of  
2 any facilities the revenue of which is pledged.

3 (c) A resolution may:

4 (1) prohibit the further issuance of bonds or other  
5 obligations payable from the pledged revenue; or

6 (2) reserve the right to issue additional bonds to be  
7 secured by a pledge of and payable from the revenue on a parity with  
8 or subordinate to the lien and pledge in support of the bonds being  
9 issued.

10 (d) A resolution may contain other provisions and covenants  
11 determined by the board.

12 (e) The board may adopt and have executed any other  
13 proceedings or instruments necessary or convenient for issuance of  
14 bonds.

15 Sec. 772.528. APPROVAL AND REGISTRATION OF BONDS. (a)  
16 Bonds issued by a district must be submitted to the attorney general  
17 for examination.

18 (b) If the attorney general finds that the bonds have been  
19 authorized in accordance with law, the attorney general shall  
20 approve the bonds. On approval by the attorney general, the  
21 comptroller shall register the bonds.

22 (c) After approval and registration, the bonds are  
23 incontestable in any court or other forum for any reason and are  
24 valid and binding obligations in accordance with the bonds' terms  
25 for all purposes.

26 Sec. 772.529. REFUNDING BONDS. (a) A district may issue  
27 bonds to refund all or any part of the district's outstanding bonds,

1 including matured and unpaid interest coupons.

2 (b) Refunding bonds shall mature serially or otherwise, as  
3 determined by the board, not more than 25 years after the bonds'  
4 date of issuance. Bonds shall bear interest at any rate permitted  
5 by state law.

6 (c) Refunding bonds may be payable from the same source as  
7 the bonds being refunded or from other sources.

8 (d) Refunding bonds must be approved by the attorney general  
9 in the same manner as the district's other bonds. The comptroller  
10 shall register the refunding bonds on the surrender and  
11 cancellation of the bonds being refunded.

12 (e) A resolution authorizing the issuance of refunding  
13 bonds may provide that the bonds be sold and the proceeds deposited  
14 in a place at which the bonds being refunded are payable, in which  
15 case the refunding bonds may be issued before the cancellation of  
16 the bonds being refunded. If refunding bonds are issued before  
17 cancellation of the other bonds, an amount sufficient to pay the  
18 principal of the bonds being refunded and interest on those bonds  
19 accruing to the bonds' maturity dates or option dates, if the bonds  
20 have been duly called for payment before maturity according to the  
21 bonds' terms, must be deposited in the place at which the bonds  
22 being refunded are payable. The comptroller shall register the  
23 refunding bonds without the surrender and cancellation of the bonds  
24 being refunded.

25 (f) A refunding may be accomplished in one or more  
26 installment deliveries. Refunding bonds and the bonds' interest  
27 coupons are investment securities under Chapter 8, Business &

1 Commerce Code.

2 (g) Instead of the method set forth in Subsections (a)-(f),  
3 a district may refund bonds, notes, or other obligations as  
4 provided by the general laws of this state.

5 Sec. 772.530. BONDS AS INVESTMENTS AND SECURITY FOR  
6 DEPOSITS. (a) District bonds are legal and authorized investments  
7 for:

19 including the permanent school fund.

20 (b) District bonds may secure deposits of public funds of  
21 the state or a municipality, county, school district, or other  
22 political subdivision of this state. The bonds are lawful and  
23 sufficient security for deposits to the extent of the bonds' value  
24 if accompanied by all unmatured coupons.

25 (c) District bonds are authorized investments under Chapter  
26 2256, Government Code.

27 Sec. 772.531. EXEMPTION FROM TAXATION. A bond issued by the

1 district under this subchapter, any transaction relating to the  
2 bond, and profits made in the sale or redemption of the bond are  
3 exempt from taxation by the state or by any municipality, county,  
4 special district, or other political subdivision of this state.

5 Sec. 772.532. TRANSFER OF ASSETS. If a regional emergency  
6 communications district is established under this subchapter, the  
7 regional planning commission for the region in which the district
