The warrants shall mature in serial installments of not more than 15 ~~five~~ years from their date of issue. The warrants on maturity may

2 order of their maturity dates. Any interest-bearing time warrants
3 may be issued and sold by the district for not less than their face
4 value, and the proceeds used to provide funds required for the
5 purpose for which they are issued. The warrants shall be entitled
6 to first payment out of any available funds of the district as they
7 become due. Included in the purposes for which interest-bearing
8 time warrants may be issued is the payment of any amounts owed by
9 the school district that was incurred in carrying out any of those
10 purposes.

11 (a-1) A school district may also issue interest-bearing
12 time warrants to refund warrants previously issued under this
13 section if the refunding warrants are coterminous with the refunded
14 obligations.

15 (c) A school district may not issue interest-bearing time
16 warrants in excess of five percent of the assessed valuation of the
17 district for the year in which the warrants are issued. The payment
18 of interest-bearing time warrants in any one year may not exceed the
19 anticipated surplus income of the district for the year in which the
20 warrants are issued, based on the budget of the district for that
21 year. The anticipated income computed under this section is
22 exclusive of all bond taxes. A school district may not have
23 outstanding at any one time warrants totaling in excess of \$1
24 million [~~\$500,000~~] under this section.

25 SECTION 2. Section 45.108(a), Education Code, is amended to
26 read as follows:

27 (a) Independent or consolidated school districts may borrow

1 money for the purpose of paying maintenance expenses and may
 2 evidence those loans with negotiable or nonnegotiable notes, except
 3 that the loans may not at any time exceed 75 percent of the previous
 4 year's income. The notes may be payable from and secured by a lien
 5 on and pledge of any available funds of the district, including
 6 proceeds of a maintenance tax. The term "maintenance expenses" or
 7 "maintenance expenditures" as used in this section means any lawful
 8 expenditure of the school district other than payment of principal
 9 of and interest on bonds. The term includes expenditures relating
 10 to notes issued to refund notes previously issued under this
 11 section if the refunding notes are coterminous with the refunded
 12 obligation. The term also includes all costs incurred in
 13 connection with environmental cleanup and asbestos cleanup and
 14 removal programs implemented by school districts or in connection
 15 with the maintenance, repair, rehabilitation, or replacement of
 16 heating, air conditioning, water, sanitation, roofing, flooring,
 17 electric, or other building systems of existing school properties.
 18 Notes issued pursuant to this section may be issued to mature in not
 19 more than 20 years from their date. Notes issued for a term longer
 20 than one year must be treated as "debt" as defined in Section
 21 26.012(7), Tax Code.
