SUBCHAPTER B. RATE STANDARDS

Sec. 1671.051. EXCESSIVE, INADEQUATE, AND UNFAIRLY DISCRIMINATORY RATES. (a) A rate is excessive, inadequate, or unfairly discriminatory for purposes of this chapter as provided by this section.

(b) A rate is excessive if the rate is likely to produce a long-term profit that is unreasonably high in relation to the

health benefit plan coverage provided.

(c) A rate is inadequate if:

(1) the rate is insufficient to sustain projected losses and expenses to which the rate applies; and

(2) continued use of the rate:

(A) endangers the solvency of a health benefit plan issuer using the rate; or

(B) has the effect of substantially lessening competition or creating a monopoly in a market.

(d) A rate is unfairly discriminatory if the rate:

(1) is not based on sound actuarial principles;

(2) does not bear a reasonable relationship to the expected loss and expense experience among risks; or

(3) is based wholly or partly on the race, creed, color, ethnicity, or national origin of an individual or group sponsoring coverage under or covered by the health benefit plan.

Sec. 1671.052. RATE STANDARDS. (a) In setting rates, a health benefit plan issuer shall consider:

(1) past and prospective loss experience:

(A) inside this state; and

(B) outside this state if the data from this state are not credible;

(2) the peculiar hazards and experiences of individual risks, past and prospective, inside and outside this state, except to the extent specifically prohibited by law;

(3) the plan issuer's actuarially credible historical premium or charge, exposure, loss, and expense experience;

(4) catastrophe hazards in this state;

(5) operating expenses, excluding disallowed expenses;

(6) investment income;

(7) a reasonable margin for profit; and

(8) any other factors inside and outside this state:

(A) determined to be relevant by the health benefit plan issuer; and

(B) not disallowed by the commissioner.

(b) A rate may not be excessive, inadequate, or unfairly discriminatory for the risks to which the rate applies.

(c) Except to the extent limited by other law, the health benefit plan issuer may:

(1) group risks by classification to establish rates and minimum premiums or charges for coverage; and

(2) modify classification rates to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in those risks on the basis of any factor listed in Subsection (a).

(d) In setting rates that apply only to holders of policies, contracts, or evidences of coverage in this state, a health benefit plan issuer shall use available premium or charge, loss, claim, and exposure information from this state to the full extent of the actuarial credibility of that information. The plan issuer may use experience from outside this state as necessary to supplement information from this state that is not actuarially credible.

(e) In determining rating territories and territorial

rates, an insurer shall use methods based on sound actuarial principles.

(f) Rates for a small employer health benefit plan subject to Chapter 1501 must comply with this chapter and Chapter 1501. In the case of a conflict between this chapter and Chapter 1501, Chapter 1501 controls.

SUBCHAPTER C. RATE FILINGS AND APPROVAL

Sec. 1671.101. RATE FILINGS FOR PRIOR APPROVAL. (a) For risks written in this state, each health benefit plan issuer shall file with the department for the commissioner's approval all rates, applicable rating manuals, supplementary rating information, and additional information as required by the commissioner or another provision of this code.

(b) The commissioner by rule shall determine the information required to be included in the filing, including:

(1) categories of supporting information and supplementary rating information;

(2) statistics or other information to support the rates to be used by the health benefit plan issuer, including information necessary to evidence that the computation of the rate does not include disallowed expenses; and

(3) information concerning policy fees, service fees, and other fees that are charged or collected by the plan issuer under Section 550.001.

(c) In determining filing requirements under this section, for a health benefit plan issuer with less than five percent of the

market, the commissioner shall:

(1) consider specific attributes of the health benefit plan issuer and the issuer's market, as applicable; and

(2) determine filing requirements for the health benefit plan issuer to accommodate premium or charge volume and loss experience, targeted markets, limitations on coverage, and any potential barriers to market entry or growth.

Sec. 1671.102. RATE APPROVAL REQUIRED. A health benefit plan issuer subject to this chapter may not use a rate until the rate has been filed with the department and approved by the commissioner in accordance with this chapter.

Sec. 1671.103. COMMISSIONER ACTION. (a) Not later than the 60th day after the date a rate is filed with the department under this chapter, the commissioner shall:

(1) approve the rate if the commissioner determines that the rate complies with the requirements of this chapter and other provisions of this code governing the setting of rates by the health benefit plan issuer; or

(2) disapprove the rate if the commissioner determines that the rate does not comply with a requirement of this chapter or another provision of this code governing the setting of rates by the plan issuer.

(b) For good cause, the commissioner may, on the expiration of the 60-day period described by Subsection (a), extend the period for approval or disapproval of a rate for one additional 30-day period. The commissioner and the health benefit plan issuer may not by agreement extend the 60-day period described by Subsection (a).

Sec. 1671.104. ADDITIONAL INFORMATION. (a) If the department determines that the information filed by a health benefit plan issuer under this chapter is incomplete or otherwise deficient, the department may request additional information from the plan issuer. If the department requests additional information from the plan issuer during the 60-day period provided by Section 1671.103(a) or under the 30-day period provided under Section 1671.103(b), the time between the date the department submits the request to the plan issuer and the date the department receives the information requested is not included in the computation of the 60-day period or the 30-day period, as applicable.

(b) For purposes of this section, the date of the department's submission of a request for additional information is:

(1) the date of the department's electronic mailing or telephone call relating to the request for additional information; or

(2) the postmarked date on the department's letter relating to the request for additional information.

Sec. 1671.105. NOTICE OF COMMISSIONER APPROVAL; USE OF FILED RATE. If the commissioner approves a filed rate under Section 1671.103, the commissioner shall provide the health benefit plan issuer with a written or electronic notice of the approval. The plan issuer may use the rate on receipt of the approval notice.

Sec. 1671.106. DISAPPROVAL OF FILED RATE BY COMMISSIONER; HEARING. (a) If the commissioner disapproves a filed rate under Section 1671.103(a)(2), the commissioner shall issue an order disapproving the rate.

(b) The order must specify in what respects the filing fails to meet a requirement of this chapter or another provision of this code governing the setting of rates by the health benefit plan issuer.

(c) A health benefit plan issuer whose filed rate is disapproved is entitled to a hearing on written request made to the commissioner not later than the 60th day after the date the order disapproving the filed rate takes effect.

Sec. 1671.107. DISAPPROVAL OF RATE IN EFFECT; HEARING. The commissioner may disapprove a rate that is in effect only after a hearing. The commissioner by rule shall establish procedures to conduct a hearing required under this section.

Sec. 1671.108. USE OF RATE DURING FILING PERIOD OR APPEAL. (a) From the date of the filing of a new rate with the department to the effective date of the new rate, the health benefit plan issuer's previously filed rate that is in effect on the date of the filing remains in effect.

(b) If a health benefit plan issuer files a petition under Subchapter D, Chapter 36, for judicial review of an order disapproving a rate under this chapter, the plan issuer must use the rates in effect for the plan issuer at the time the petition is filed and may not use any higher rate for the same type of health benefit plan coverage subject to this chapter before the matter subject to judicial review is finally resolved unless the health benefit plan issuer, in accordance with this chapter, files the new rate with the department, along with any applicable supplementary rating information and supporting information, and obtains the

commissioner's approval of the rate.

(c) For purposes of this section, a rate is filed with the department on the date the department receives the rate filing.

[Sections 1671.109-1671.150 reserved for expansion]

SUBCHAPTER D. GRIEVANCES; PUBLIC REVIEW AND INSPECTION

Sec. 1671.151. GRIEVANCE. (a) An individual or group who sponsors coverage under or is covered by a health benefit plan and who is aggrieved with respect to any filing under this chapter that is in effect, or the public insurance counsel, may apply to the commissioner in writing for a hearing on the filing. The application must specify the grounds for the applicant's grievance.

(b) The commissioner shall hold a hearing on an application filed under Subsection (a) not later than the 30th day after the date the commissioner receives the application if the commissioner determines that:

(1) the application is made in good faith;

(2) the applicant would be aggrieved as alleged if the grounds specified in the application were established; and

(3) the grounds specified in the application otherwise justify holding the hearing.

(c) The commissioner shall provide written notice of a hearing under Subsection (b) to the applicant and each health benefit plan issuer that made the filing not later than the 10th day before the date of the hearing.

(d) If, after the hearing, the commissioner determines that the filing does not meet a requirement of this chapter or another provision of this code governing the setting of rates by the health

benefit plan issuer, the commissioner shall issue an order:

(1) specifying in what respects the filing fails to meet the requirement; and

(2) stating the date on which the filing is no longer in effect, which must be within a reasonable period after the order date.

(e) The commissioner shall send copies of the order issued under Subsection (d) to the applicant and each affected health benefit plan issuer.

Sec. 1671.152. ROLE OF PUBLIC INSURANCE COUNSEL. (a) On request to the commissioner, the public insurance counsel may review all rate filings and additional information provided by a health benefit plan issuer under this chapter. Confidential information reviewed under this subsection remains confidential.

(b) The public insurance counsel, not later than the 30th day after the date of a rate filing under this chapter, may file with the commissioner a written objection to:

(1) a health benefit plan issuer's rate filing; or

(2) the criteria on which the plan issuer relied to determine the rate.

(c) A written objection filed under Subsection (b) must contain the reasons for the objection.

Sec. 1671.153. PUBLIC INSPECTION OF INFORMATION. Each filing made, and any supporting information filed, under this chapter is open to public inspection as of the date of the filing.

SECTION 3. Subtitle K, Title 8, Insurance Code, as added by this Act, applies only to rates for health benefit plan coverage delivered, issued for delivery, or renewed on or after January 1, 2014. Rates for health benefit plan coverage delivered, issued for delivery, or renewed before January 1, 2014, are governed by the law in effect immediately before the effective date of this Act, and that law is continued in effect for that purpose.

SECTION 4. This Act takes effect September 1, 2013.
