Safety Audit Privilege Act (Article 4447cc, Vernon's Texas Civil Statutes), is amended by amending Subsections (b), (e), and (g) and adding Subsections (b-1) and (g-1) to read as follows:

(b) A disclosure is voluntary only if:

1. the disclosure was made:
   - (A) promptly after knowledge of the information disclosed is obtained by the person; or
   - (B) not more than the 45th day after the acquisition closing date, if the violation was discovered during an audit conducted before the acquisition closing date by a person considering the acquisition of the regulated facility or operation;

2. the disclosure was made in writing by certified mail to an agency that has regulatory authority with regard to the violation disclosed;

3. an investigation of the violation was not initiated or the violation was not independently detected by an agency with enforcement jurisdiction before the disclosure was made using certified mail;

4. the disclosure arises out of a voluntary environmental or health and safety audit;

5. the person who makes the disclosure initiates an appropriate effort to achieve compliance, pursues that effort with due diligence, and corrects the noncompliance within a reasonable time;

6. the person making the disclosure cooperates with the appropriate agency in connection with an investigation of the issues identified in the disclosure; and
(7) the violation did not result in injury or imminent
and substantial risk of serious injury to one or more persons at the
site or off-site substantial actual harm or imminent and
substantial risk of harm to persons, property, or the environment.

(b-1) For a disclosure described by Subsection (b)(1)(B),
the person making the disclosure must certify in the disclosure
that before the acquisition closing date:

environmental, health, or safety compliance at the regulated
facility or operation that is subject to the disclosure;

(2) the person did not have the largest ownership
share of the seller;

(3) the seller did not have the largest ownership
share of the person; and

(4) the person and the seller did not have a common
corporate parent or a common majority interest owner.

(e) A penalty that is imposed under Subsection (d) of this
section should, to the extent appropriate, be mitigated by factors
such as:

(1) the voluntariness of the disclosure;

(2) efforts by the disclosing party to conduct
environmental or health and safety audits;

(3) remediation;

(4) cooperation with government officials
investigating the disclosed violation; or

(5) the period of ownership of the regulated facility
or operation; or
other relevant considerations.

(g) In order to receive immunity under this section, a facility conducting an environmental or health and safety audit under this Act must provide notice to an appropriate regulatory agency of the fact that it is planning to commence the audit. The notice shall specify the facility or portion of the facility to be audited, the anticipated time the audit will begin, and the general scope of the audit. The notice may provide notification of more than one scheduled environmental or health and safety audit at a time. This subsection does not apply to an audit conducted before the acquisition closing date by a person considering the acquisition of the regulated facility or operation that is the subject of the audit.

(g-1) A person that begins an audit before becoming the owner of the regulated facility or operation may continue the audit after the acquisition closing date if, not more than the 45th day after the acquisition closing date, the person provides notice to an appropriate regulatory agency of the fact that the person intends to continue an ongoing audit. The notice shall specify the facility or portion of the facility being audited, the date the audit began, and the general scope of the audit. The person must certify in the notice that before the acquisition closing date:

(1) the person was not responsible for the scope of the environmental, health, or safety compliance being audited at the regulated facility or operation;

(2) the person did not have the largest ownership share of the seller;
(3) the seller did not have the largest ownership share of the person; and

(4) the person and the seller did not have a common corporate parent or a common majority interest owner.

SECTION 5. The change in law made by this Act applies only to an environmental or health and safety audit initiated on or after the effective date of this Act. An audit initiated before the effective date of this Act is governed by the law in effect on the date the audit was initiated, and the former law is continued in effect for that purpose.

SECTION 6. This Act takes effect September 1, 2013.
