2016	\$0
2017	\$0
2018	\$0

**All Funds, Five-Year Impact:**

Fiscal Year	Probable Revenue Gain/(Loss) from <i>Bee County</i>
2014	\$566,000
2015	\$594,000
2016	\$623,000
2017	\$654,000
2018	\$687,000

**Fiscal Analysis**

The bill would amend Chapter 352 of the Tax Code, regarding county hotel occupancy taxes.

The bill would allow a county with a population of less than 50,000 through which the Aransas River flows, and that has a municipality with a population of more than 10,000, to impose a hotel occupancy tax. The bill would require revenue generated from the proposed hotel tax be used to operate, maintain, and improve a convention center in the county.

The bill would take effect immediately upon receiving two-thirds majority vote in each house. Otherwise, the bill would take effect September 1, 2013.

### **Methodology**

Based on the population and geographical limitations set forth in the bill, Bee County would be the only eligible county. For the purpose of this estimate, the Comptroller of Public Accounts (CPA) gathered data on taxable hotel receipts for Bee County from Comptroller tax files, which were then multiplied by 7 percent. The fiscal impact was then adjusted for the bill's effective date.

### **Local Government Impact**

CPA reports the fiscal implications cannot be determined as the tax rate that might be set by the county and the timing of the imposition of this tax are unknown. However, for illustrative purposes this analysis shows the fiscal impact if Bee County were to adopt a 7 percent county hotel occupancy tax rate at the earliest date permissible.
