

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 83RD LEGISLATIVE REGULAR SESSION

April 30, 2013

TO: Honorable Judith Zaffirini, Chair, Senate Committee on Government Organization

FROM: Ursula Parks, Director, Legislative Budget Board

IN RE: **HB1128** by Herrero (Relating to posting suggestions and ideas on cost-efficiency on certain state agency websites.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would amend the Government Code to require a state agency with at least 1,500 employees to post on the agency's intranet website or generally accessible Internet website an electronic form or link allowing an employee of the agency to submit suggestions and ideas on how to make the agency more cost-efficient. The bill would require the state agencies to post on the agency's generally accessible Internet website a link allowing members of the public to monitor the suggestions and vote for their favorite submissions. The bill would require the Department of Information (DIR) to adopt rules establishing procedures and required formats, including requirements for moderation of submissions to exclude overtly political or offensive material. The bill would authorize DIR to exclude a state agency from requirements of the bill if DIR determines that the agency has a preexisting program or link that substantially meets the requirements of the bill. The Comptroller of Public Accounts and the Department of Public Safety estimate there would be a cost associated with implementing the provisions of the bill. It is anticipated that the additional costs could be absorbed within affected agencies' existing resources

Local Government Impact

No fiscal implication to units of local government is anticipated.
