Fiscal Analysis

The bill would amend Chapter 171 of the Tax Code, regarding the franchise tax, to add a subtraction from total revenue of 50 percent of all costs not already subtracted that are properly

allocable under the Federal Acquisition Regulation to contracts for the sale of good or services to the federal government. Under current law some allocable costs cannot be subtracted or are subject to a cap on the amount that can be subtracted from total revenue.

The bill would take effect on January 1, 2014, and apply to franchise tax reports due or after that date.

Methodology

The estimate for the fiscal impact of the bill is based on information on major defense contractors operating in Texas and on data in the Comptroller's franchise tax databases.

Local Government Impact

No fiscal implication to units of local government is anticipated.
