

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 83RD LEGISLATIVE REGULAR SESSION

April 11, 2013

TO: Honorable Byron Cook, Chair, House Committee on State Affairs

FROM: Ursula Parks, Director, Legislative Budget Board

IN RE: SB349 by Nichols (Relating to standards for power lines.), As Engrossed

No fiscal implication to the State is anticipated.

Local Government Impact

According to the analysis by the Public Utility Commission (PUC), municipal electric utilities and electric co-ops would require minimal actions to implement the provisions of the bill. There may be significant savings, but those amounts would vary depending on current procedures, the size of the jurisdiction, and the number of lines. PUC also noted that distinguishing transmission and distribution lines from one another would maintain compliance with the National Electrical Safety Code; and distribution lines would meet the required clearance set forth for distribution lines rather than requiring that they meet the clearance requirements for transmission lines.
