IN RE: SB801 by Carona (Relating to security deposit requirements for certain insurance companies.), **As Introduced**

No significant fiscal implication to the State is anticipated.

The bill would amend the Insurance Code relating to security deposit requirements for certain insurance companies. The bill would require insurers to deposit securities as specified if the insurers are required to make a deposit with the Comptroller of Public Accounts for the protection of policyholders of the company prior to engaging in business in another location. The bill would remove the requirement that the company deposit be in the amount of \$50,000. The bill also would remove the restriction on requiring a foreign casualty insurance company to make or maintain the deposit required of a domestic casualty insurance company if a deposit has been made in any other domestic state.

Based on information provided by the Texas Department of Insurance and the Comptroller of Public Accounts, it is assumed that any costs associated with the implementation of this bill could be absorbed within existing staff and resources.
