Dear Speaker Straus:

The following comments are provided pursuant to the Constitutional requirements referenced above. Enclosure

HB 4133, as Filed by Representative Cecil Bell
Texas Commission on Environmental Quality's Comments

The Legislative Budget Board, in cooperation with the Texas Water Development Board (TWDB) and the Texas Commission on Environmental Quality (TCEQ), has determined that:

The bill creates the Waller County Municipal Utility District No. 23 (the "District") with the powers and duties of a standard municipal utility district under Water Code, Chapters 49 and 54.

Comments on Powers/Duties Different from Similar Types of Districts: The bill grants the District road powers; and if the bill does not receive a two-thirds vote of all members elected to each house, the District may not exercise the power of eminent domain.

Overlapping Services: TCEQ does not have mapping information for water and/or wastewater providers because this function was transferred from the TCEQ to the Public Utility Commission on September 1, 2014. As a result, TCEQ is unaware of possible overlapping service providers.

TCEQ's Supervision: As with general law districts, the TCEQ will have general supervisory authority, including bond review authority and review of financial reports.
