

FLOOR AMENDMENT NO. \_\_\_\_\_

INTRODUCED BY: SEN. GREGG  
SENATE CLERK: \_\_\_\_\_

*Amend SB 200 as follows:*

1 Add the appropriately numbered section below and renumber  
2 subsequent sections accordingly.

3 SECTION \_\_\_\_ (a) The Health and Human Services Commission  
4 shall develop a strategic plan to significantly reduce morbidity  
5 and mortality from chronic respiratory disease, including asthma  
6 and chronic obstructive pulmonary disease.

7 (b) In developing the strategic plan, the Health and Human  
8 Services Commission shall collaborate with the Department of  
9 State Health Services, including the Chronic Disease Prevention  
10 Division and may convene any necessary workgroups. The members  
11 of a workgroup may include health care providers, medical school  
12 and academic experts, nonprofit and community organizations, and  
13 other people the department determines necessary specializing in  
14 asthma and chronic obstructive pulmonary disease prevention,  
15 screening, treatment, or research.

16 (c) In developing the strategic plan, the Health and Human  
17 Service Commission shall:

18 (1) identify barriers to effective prevention,  
19 screening, medication adherence, and treatment for asthma and  
20 chronic obstructive pulmonary disease;

21 (2) identify methods to increase awareness of the  
22 risk factors and symptoms associated with asthma and chronic  
23 obstructive pulmonary disease;

24 (3) identify methods to increase the use of regular  
25 evidence-based screening for asthma and chronic obstructive  
26 pulmonary disease;

27 (4) review current technologies and best practices  
28 for chronic respiratory disease diagnosis, management and  
29 treatment;

1           (5) develop methods for creating partnerships with  
2 public and private entities to increase awareness of asthma and  
3 chronic obstructive pulmonary disease;

4           (6) review current prevention, screening, treatment,  
5 and other related activities in this state for asthma and  
6 chronic obstructive pulmonary disease and identify areas in  
7 which the health care services provided through those activities  
8 are lacking;

9           (7) estimate the annual direct and indirect state  
10 health care costs attributable to asthma and chronic obstructive  
11 pulmonary disease; and

12           (8) make recommendations to the legislature on state  
13 policy changes and funding needed to implement the strategic  
14 plan.

15       (d) Not later than December 31, 2016, the Department of  
16 State Health Services shall deliver to the governor and members  
17 of the legislature the strategic plan and recommendations on  
18 goal implementation and schedule compliance related to the  
19 strategic plan developed as required by this section.

20       (e) This section expires January 1, 2017.
