### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Interested parties have raised concerns regarding commercial entities swindling money from victims by mailing solicitations in connection with a good or service that imitates government forms, many of which suggest the imposition of a criminal penalty should the recipient fail to remit a payment for the applicable good or service. In an effort to address the defrauding of those recipients who are unaware of the sender's intent, H.B. 1265 amends current law relating to deceptive trade practices.

H.B. 1265 amends current law relating to a deceptive act or practice involving a solicitation in connection with a good or service.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
