BILL ANALYSIS

C.S.H.B. 3971 By: King, Susan Human Services Committee Report (Substituted)

BACKGROUND AND PURPOSE

Concerned parties assert the need for improved communication and interaction between a group home and the surrounding neighborhood. C.S.H.B. 3971 seeks to address this need.

CRIMINAL JUSTICE IMPACT

It is the committee's opinion that this bill does not expressly create a criminal offense, increase the punishment for an existing criminal offense or category of offenses, or change the eligibility of a person for community supervision, parole, or mandatory supervision.

RULEMAKING AUTHORITY

It is the committee's opinion that this bill does not expressly grant any additional rulemaking authority to a state officer, department, agency, or institution.

ANALYSIS

C.S.H.B. 3971 amends the Human Resources Code to require an operator of a group home to develop and maintain a neighborhood and community engagement plan to promote positive relationships between community members and residents of the group home. The bill requires the plan to address barriers to and facilitate meaningful neighborhood and community interaction and involvement by residents of the group home, protect the civil rights of residents of the group home, and protect the rights to which residents of the group home are entitled under the federal Health Insurance Portability and Accountability Act of 1996 and state and federal fair housing laws. The bill defines "group home" as a residence in which residential support or supervised living is provided through the home and community-based services waiver program or a residence in which fewer than seven persons reside and in which services are provided through the intermediate care facility for individuals with an intellectual disability or related condition program.

EFFECTIVE DATE

September 1, 2015.
