AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Dental support organizations (DSOs) provide business support services to dentists. Examples of business support services include: the provision of office space, furnishings, and equipment; regulatory compliance; inventory or supplies; information systems; marketing and advertising; financial services; accounting, bookkeeping, or monitoring or payment of accounts receivable; payroll or benefits administration; billing and collection for services; reporting and payment of federal or state taxes; and insurance services.

The 83rd Legislature instructed the State Board of Dental Examiners (TSBDE) to survey its licensees and collect pertinent information about DSOs in order to assess their impact on the practice of dentistry in Texas.

S.B. 519 requires DSOs to register annually with the secretary of state and provide basic information such as the names and addresses of the DSO and each licensed dentist with which it contracts to provide business support services. The bill also permits TSBDE to access the information collected under the Act via interagency memorandum.

As proposed, S.B. 519 amends current law relating to the registration of dental support organizations, imposes a fee, and provides a civil penalty.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
