AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Unregulated game rooms can often be mediums for illegal activity and lead to decreased public safety. In addition, some game room operators have reportedly set up redemption machines to give cash prizes, violating the law. In an effort to monitor and control this kind of activity, some counties have pursued the authority to regulate game rooms. Last session, Harris County was granted this ability. As a result, some illegal game rooms in Harris County have relocated operations in adjacent counties, including Galveston County. S.B. 866 grants Galveston County the authority to regulate game rooms and standardizes the statute, putting the counties with this authority under the same section.

As proposed, S.B. 866 amends current law relating to the regulation of amusement redemption machine game rooms in certain counties.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
