### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Currently, it is not a criminal offense to improperly handle or move livestock, exotic livestock, domestic fowl, or exotic fowl when the owner has been notified that the animal is restricted because of disease exposure or disease testing.

The legislation makes it a Class C misdemeanor to improperly handle or move livestock, exotic livestock, domestic fowl, or exotic fowl when the owner has been notified that the animal is restricted because of disease exposure or disease testing.

C.S.S.B. 970 amends current law relating to the failure to handle certain animals in accordance with rules of the Texas Animal Health Commission and amends provisions subject to a criminal penalty.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to the Texas Animal Health Commission in SECTION 1 (Section 161.041, Agriculture Code) of this bill.
