AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Bridgeland Management District (district) was created by Chapter 861, Acts of the 82nd Legislature, Regular Session, 2011. The creation legislation is codified under Chapter 3901, Special District Local Laws Code. S.B. 1362 provides a number of clarifications to the district's creation legislation. In addition, it authorizes the district to provide and finance conduit facilities for electric, fiber-optic and similar "dry utilities," and authorize the district to file an annual financial report in lieu of an annual audit if certain conditions are met.

The substitute differs from the filed version by adding Section 3, clarifying that the district is eligible to be included in more than one special zone, and striking sections 10 and 16 in response to comments received from engineers.

S.B. 1362 amends current law relating to the powers and duties and composition of the board of directors of the Bridgeland Management District.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
