AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Texas Department of Criminal Justice has received multiple requests for information about the use and procurement of the compound used to execute Texas convicts sentenced to death. The Open Records Division of the Office of the Attorney General has previously ruled that some of this information might be protected under the Texas Public Information Act (TPIA), while similar information might not be.

Based on the conflicting open records decisions and threatened or ongoing litigation regarding the confidentiality of this information, explicit statutory authority is needed to withhold this information.

S.B. 1697 makes confidential for the purposes of the TPIA, the identifying information of persons who come into contact with the compound administered for the execution, whether supplying, administering, compounding, or manufacturing the substance.

As proposed, S.B. 1697 amends current law relating to the confidentiality of certain information regarding procedures and substances and supplies used in the execution of a convict.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
