H.B. No. 751

Substitute the following for H.B. No. 751:

By: Crownover

C.S.H.B. No. 751

A BILL TO BE ENTITLED

AN ACT

relating to the prescription and pharmaceutical substitution of  
biological products; amending provisions subject to a criminal  
penalty.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 562.001, Occupations Code, is amended by  
amending Subdivision (1) and adding Subdivisions (1-a) and (1-b) to  
read as follows:

(1) "Biological product" has the meaning assigned by  
Section 351, Public Health Service Act (42 U.S.C. Section 262).

(1-a) "Generically equivalent" means a drug that is  
pharmaceutically equivalent and therapeutically equivalent to the  
drug prescribed.

(1-b) "Interchangeable," in reference to a biological  
product, has the meaning assigned by Section 351, Public Health  
Service Act (42 U.S.C. Section 262), or means a biological product  
that is designated as therapeutically equivalent to another product  
by the United States Food and Drug Administration in the most recent  
edition or supplement of the United States Food and Drug  
Administration's Approved Drug Products with Therapeutic  
Equivalence Evaluations, also known as the Orange Book.

SECTION 2. Section 562.002, Occupations Code, is amended to  
read as follows:

Sec. 562.002. LEGISLATIVE INTENT. It is the intent of the

1 legislature to save consumers money by allowing the substitution of  
2 lower-priced generically equivalent drug products for certain  
3 brand name drug products and the substitution of interchangeable  
4 biological products for certain biological products and for  
5 pharmacies and pharmacists to pass on the net benefit of the lower  
6 costs of the generically equivalent drug product or interchangeable  
7 biological product to the purchaser.

8 SECTION 3. Section 562.003, Occupations Code, is amended to  
9 read as follows:

10 Sec. 562.003. DISCLOSURE OF PRICE; PATIENT'S OPTION. If  
11 the price of a drug or biological product to a patient is lower than  
12 the amount of the patient's copayment under the patient's  
13 prescription drug insurance plan, the pharmacist shall offer the  
14 patient the option of paying for the drug or biological product at  
15 the lower price instead of paying the amount of the copayment.

16 SECTION 4. Section 562.005, Occupations Code, is amended to  
17 read as follows:

18 Sec. 562.005. RECORD OF DISPENSED DRUG OR BIOLOGICAL  
19 PRODUCT. A pharmacist shall record on the prescription form the  
20 name, strength, and manufacturer or distributor of a drug or  
21 biological product dispensed as authorized by this subchapter.

22 SECTION 5. Subchapter A, Chapter 562, Occupations Code, is  
23 amended by adding Section 562.0051 to read as follows:

24 Sec. 562.0051. COMMUNICATION REGARDING CERTAIN DISPENSED  
25 BIOLOGICAL PRODUCTS. (a) Not later than the third business day  
26 after the date of dispensing a biological product, the dispensing  
27 pharmacist or the pharmacist's designee shall communicate to

1 prescribing practitioners the specific product provided to the  
2 patient, including the name of the product and the manufacturer or  
3 national drug code number.

4 (b) The communication must be conveyed by making an entry,  
5 including information submitted for the payment of claims, into an  
6 interoperable electronic medical records system or through  
7 electronic prescribing technology or a pharmacy record that a  
8 pharmacist reasonably concludes is electronically accessible by  
9 the prescribing practitioner. Otherwise, the pharmacist or the  
10 pharmacist's designee shall communicate the biological product  
11 dispensed to the prescribing practitioner, using facsimile,  
12 telephone, electronic transmission, or other prevailing means,  
13 provided that communication is not required if:

14 (1) there is no interchangeable biological product  
15 approved by the United States Food and Drug Administration for the  
16 product prescribed; or

17 (2) a refill prescription is not changed from the  
18 product dispensed on the prior filling of the prescription.

19 (c) This section expires September 1, 2019.

20 SECTION 6. Section 562.006, Occupations Code, is amended to  
21 read as follows:

22 Sec. 562.006. LABEL. (a) Unless otherwise directed by the  
23 practitioner, the label on the dispensing container must indicate  
24 the actual drug or biological product dispensed, indicated by  
25 either:

26 (1) the brand name; or

27 (2) if there is not a brand name, the drug's generic

1 name or the name of the biological product, the strength of the drug  
2 or biological product, and the name of the manufacturer or  
3 distributor of the drug or biological product.

4 (b) [~~(a-1)~~] In addition to the information required by  
5 Subsection (a), the label on the dispensing container of a drug or  
6 biological product dispensed by a Class A or Class E pharmacy must  
7 indicate:

8 (1) the name, address, and telephone number of the  
9 pharmacy;

10 (2) the date the prescription is dispensed;

11 (3) the name of the prescribing practitioner;

12 (4) the name of the patient or, if the drug or  
13 biological product was prescribed for an animal, the species of the  
14 animal and the name of the owner;

15 (5) instructions for use;

16 (6) the quantity dispensed;

17 (7) if the drug or biological product is dispensed in a  
18 container other than the manufacturer's original container, the  
19 date after which the prescription should not be used, determined  
20 according to criteria established by board rule based on standards  
21 in the United States Pharmacopeia-National Formulary; and

22 (8) any other information required by board rule.

23 (c) [~~(a-2)~~] The information required by Subsection (b)(7)  
24 [~~(a-1)(7)~~] may be recorded on any label affixed to the dispensing  
25 container.

26 (d) [~~(a-3)~~] Subsection (b) [~~(a-1)~~] does not apply to a  
27 prescription dispensed to a person at the time of release from

1 prison or jail if the prescription is for not more than a 10-day  
2 supply of medication.

3       (e) [~~(b)~~] If a drug or biological product has been selected  
4 other than the one prescribed, the pharmacist shall place on the  
5 container the words "Substituted for brand prescribed" or  
6 "Substituted for 'brand name'" where "brand name" is the name of the  
7 brand name drug or biological product prescribed.

8       (f) [~~(c)~~] The board shall adopt rules requiring the label on  
9 a dispensing container to be in plain language and printed in an  
10 easily readable font size for the consumer.

11       SECTION 7. Section 562.008, Occupations Code, is amended to  
12 read as follows:

13       Sec. 562.008. GENERIC EQUIVALENT OR INTERCHANGEABLE  
14 BIOLOGICAL PRODUCT AUTHORIZED. (a) If a practitioner certifies on  
15 the prescription form that a specific prescribed brand is medically  
16 necessary, the pharmacist shall dispense the drug or biological  
17 product as written by the practitioner. The certification must be  
18 made as required by the dispensing directive adopted under Section  
19 562.015. This subchapter does not permit a pharmacist to substitute  
20 a generically equivalent drug or interchangeable biological  
21 product unless the substitution is made as provided by this  
22 subchapter.

23       (b) Except as otherwise provided by this subchapter, a  
24 pharmacist who receives a prescription for a drug or biological  
25 product for which there is one or more generic equivalents or one or  
26 more interchangeable biological products may dispense any of the  
27 generic equivalents or interchangeable biological products.

SECTION 8. The heading to Section 562.009, Occupations Code, is amended to read as follows:

Sec. 562.009. REQUIREMENTS CONCERNING SELECTION OF GENERICALLY EQUIVALENT DRUG OR INTERCHANGEABLE BIOLOGICAL PRODUCT.

SECTION 9. Sections 562.009(a), (b), (c), and (d), Occupations Code, are amended to read as follows:

(a) Before delivery of a prescription for a generically equivalent drug or interchangeable biological product, a pharmacist must personally, or through the pharmacist's agent or employee:

(1) inform the patient or the patient's agent that a less expensive generically equivalent drug or interchangeable biological product is available for the brand prescribed; and

(2) ask the patient or the patient's agent to choose between the generically equivalent drug or interchangeable biological product and the brand prescribed.

(b) A pharmacy is not required to comply with the provisions of Subsection (a):

(1) in the case of the refill of a prescription for which the pharmacy previously complied with Subsection (a) with respect to the same patient or patient's agent; or

(2) if the patient's physician or physician's agent advises the pharmacy that:

(A) the physician has informed the patient or the patient's agent that a less expensive generically equivalent drug or interchangeable biological product is available for the brand prescribed; and

1 (B) the patient or the patient's agent has chosen  
2 either the brand prescribed or the less expensive generically  
3 equivalent drug or interchangeable biological product.

4 (c) A pharmacy that supplies a prescription by mail is  
5 considered to have complied with the provisions of Subsection (a)  
6 if the pharmacy includes on the prescription order form completed  
7 by the patient or the patient's agent language that clearly and  
8 conspicuously:

9 (1) states that if a less expensive generically  
10 equivalent drug or interchangeable biological product is available  
11 for the brand prescribed, the patient or the patient's agent may  
12 choose between the generically equivalent drug or interchangeable  
13 biological product and the brand prescribed; and

14 (2) allows the patient or the patient's agent to  
15 indicate the choice between ~~[of]~~ the generically equivalent drug or  
16 interchangeable biological product and ~~[or]~~ the brand prescribed.

17 (d) If the patient or the patient's agent fails to indicate  
18 otherwise to a pharmacy on the prescription order form under  
19 Subsection (c), the pharmacy may dispense a generically equivalent  
20 drug or interchangeable biological product.

21 SECTION 10. Section 562.010, Occupations Code, is amended  
22 to read as follows:

23 Sec. 562.010. RESPONSIBILITY CONCERNING GENERICALLY  
24 EQUIVALENT DRUG OR INTERCHANGEABLE BIOLOGICAL PRODUCT; LIABILITY.

25 (a) A pharmacist who selects a generically equivalent drug or  
26 interchangeable biological product to be dispensed under this  
27 subchapter assumes the same responsibility for selecting the

1 generically equivalent drug or interchangeable biological product  
2 as the pharmacist does in filling a prescription for a drug  
3 prescribed by generic or biological product name.

4 (b) The prescribing practitioner is not liable for a  
5 pharmacist's act or omission in selecting, preparing, or dispensing  
6 a drug or biological product under this subchapter.

7 SECTION 11. Section 562.011, Occupations Code, is amended  
8 to read as follows:

9 Sec. 562.011. RESTRICTION ON SELECTION OF AND CHARGING FOR  
10 GENERICALLY EQUIVALENT DRUG OR INTERCHANGEABLE BIOLOGICAL PRODUCT.

11 (a) A pharmacist may not select a generically equivalent drug or  
12 interchangeable biological product unless the generically  
13 equivalent drug or interchangeable biological product selected  
14 costs the patient less than the prescribed drug or biological  
15 product.

16 (b) A pharmacist may not charge for dispensing a generically  
17 equivalent drug or interchangeable biological product a  
18 professional fee higher than the fee the pharmacist customarily  
19 charges for dispensing the brand name drug or biological product  
20 prescribed.

21 SECTION 12. Section 562.013, Occupations Code, is amended  
22 to read as follows:

23 Sec. 562.013. APPLICABILITY OF SUBCHAPTER. Unless a drug  
24 is determined to be generically equivalent to, or a biological  
25 product is determined to be interchangeable with, the brand  
26 prescribed, drug or biological product selection as authorized by  
27 this subchapter does not apply to:

- 1 (1) an enteric-coated tablet;
- 2 (2) a controlled release product;
- 3 (3) an injectable suspension, other than an
- 4 antibiotic;
- 5 (4) a suppository containing active ingredients for
- 6 which systemic absorption is necessary for therapeutic activity; or
- 7 (5) a different delivery system for aerosol or
- 8 nebulizer drugs.

9 SECTION 13. Section 562.015(a), Occupations Code, is  
10 amended to read as follows:

11 (a) The board shall adopt rules to provide a dispensing  
12 directive to instruct pharmacists on the manner in which to  
13 dispense a drug or biological product according to the contents of a  
14 prescription. The rules adopted under this section must:

15 (1) require the use of the phrase "brand necessary" or  
16 "brand medically necessary" on a prescription form to prohibit the  
17 substitution of a generically equivalent drug or interchangeable  
18 biological product for a brand name drug or biological product;

19 (2) be in a format that protects confidentiality as  
20 required by the Health Insurance Portability and Accountability Act  
21 of 1996 (Pub. L. No. 104-191) [~~(29 U.S.C. Section 1181 et seq.)~~] and  
22 its subsequent amendments;

23 (3) comply with federal and state law, including  
24 rules, with regard to formatting and security requirements;

25 (4) be developed to coordinate with 42 C.F.R. Section  
26 447.512 [~~447.331(c)~~]; and

27 (5) include an exemption for electronic prescriptions

as provided by Subsection (b).

SECTION 14. Subchapter A, Chapter 562, Occupations Code, is amended by adding Section 562.016 to read as follows:

Sec. 562.016. LIST OF APPROVED INTERCHANGEABLE BIOLOGICAL PRODUCTS. The board shall maintain on the board's Internet website a link to the United States Food and Drug Administration's list of approved interchangeable biological products.

SECTION 15. (a) Chapter 562, Occupations Code, as amended by this Act, applies only to a prescription issued for a biological product on or after December 1, 2015. A prescription issued for a biological product before December 1, 2015, is governed by the law in effect immediately before that date, and the former law is continued in effect for that purpose.

(b) The Texas State Board of Pharmacy shall adopt rules necessary to implement the changes in law made by this Act not later than December 1, 2015.

SECTION 16. This Act takes effect September 1, 2015.
