13 (d) Except as otherwise provided by this subchapter,  
14 policies and contracts issued on or after the operative date of the  
15 valuation manual are governed by Section 425.0535.

4 (b) In lieu of the valuation of the reserves required of a  
5 foreign or alien company, the commissioner may accept a valuation  
6 made, or caused to be made, by the insurance supervisory official of  
7 another state if the valuation complies with the minimum standard  
8 provided by this subchapter.

9 (c) Sections 425.072(a), 425.073, and 425.074 apply to all  
10 policies and contracts issued on or after the operative date of the

17 amending Subsection (a) and adding Subsections (a-1), (j), (k),  
18 (l), (m), (n), (o), (p), and (q) to read as follows:

19 (a) This section applies only to an actuarial opinion of  
20 reserves issued before the operative date of the valuation manual.

21 (a-1) For purposes of this section, "qualified actuary"  
22 means:

26 the requirements of the former State Board of Insurance to submit an  
27 opinion under former Section 2A(a)(1), Article 3.28.

1       (j) Except as provided by Subsections (n), (o), and (p), any  
2 document or other information in the possession or control of the  
3 department that is a memorandum in support of the opinion or other  
4 material provided by the company to the commissioner in connection  
5 with a memorandum is confidential and privileged and not subject  
6 to:

- 7               (1) disclosure under Chapter 552, Government Code;  
8               (2) subpoena;  
9               (3) discovery; or

11 action.

12       (k) The commissioner or any person who receives a document  
13 or other information described by Subsection (j) while acting under

16 document or other information.

17       (1) The commissioner may:

18               (1) share documents or other information, including  
19 the confidential and privileged documents or information described  
20 by Subsection (j), with another state, federal, or international  
21 regulatory agency, with the National Association of Insurance

4 commissioner shall maintain as confidential or privileged any  
5 document or information received with notice or understanding that  
6 it is confidential or privileged under the laws of the jurisdiction  
7 that is the source of the document or information.

8 (m) Disclosing information or providing a document to the  
9 commissioner under this section, or sharing information as  
10 authorized under this section, does not result in a waiver of any  
11 applicable privilege or claim of confidentiality that may apply to  
12 the document or information.

13 (n) A memorandum in support of the opinion, and any other  
14 material provided by the company to the commissioner in connection  
15 with the memorandum, may be subject to subpoena for the purpose of

17 memorandum by reason of an action required by this section or rules  
18 adopted under this section.

19 (o) The memorandum or other material provided by the company  
20 to the commissioner in connection with the memorandum may otherwise  
21 be released by the commissioner with the written consent of the  
22 company, or to the Actuarial Board for Counseling and Discipline or  
23 its successor on receipt of a request stating that the memorandum or  
24 other material is required for the purpose of professional  
25 disciplinary proceedings and setting forth procedures satisfactory  
26 to the commissioner for preserving the confidentiality and  
27 privileged status of the memorandum or other material.

1       (p) The memorandum ceases to be confidential and privileged  
2 if:

3           (1) any portion of the memorandum is cited by the  
4 company in its marketing;

5           (2) the memorandum is cited by the company before a  
6 government agency other than a state insurance department; or

7           (3) the memorandum is released by the company to the  
8 news media.

9       (q) This section does not prohibit the commissioner from  
10 using information acquired under this section in the furtherance of  
11 a legal or regulatory action relating to the administration of this  
12 code.

17 outstanding life insurance contracts, accident and health  
18 insurance contracts, or deposit-type contracts in this state and is  
19 subject to regulation by the department shall annually submit the  
20 opinion of the appointed actuary as to whether the reserves and  
21 related actuarial items held in support of the policies and  
22 contracts are computed appropriately, are based on assumptions that  
23 satisfy contractual provisions, are consistent with prior reported  
24 amounts, and are in compliance with applicable laws of this state.  
25 An opinion under this section must comply with provisions of the

27 scope.

1        (b) Unless exempted by the valuation manual, a company  
2 described by Subsection (a) shall include with the opinion required  
3 by that subsection an opinion of the same appointed actuary  
4 concerning whether the reserves and related actuarial items held in  
5 support of the policies and contracts specified in the valuation  
6 manual, when considered in light of the assets held by the company  
7 with respect to the reserves and related actuarial items, including

17                (2) be submitted with the annual statement reflecting  
18 the valuation of reserves for each year ending on or after the  
19 operative date of the valuation manual;

20                (3) apply to all policies and contracts subject to  
21 this section, plus other actuarial liabilities specified by the  
22 valuation manual; and

24 the Actuarial Standards Board or its successor, and on any  
25 additional standards prescribed by the valuation manual.

26        (d) In the case of an opinion required to be submitted by a  
27 foreign or alien company, the commissioner may accept the opinion

1 filed by the company with the insurance supervisory official of

3 reasonably meets the requirements applicable to a company domiciled  
4 in this state.

6 to read as follows:

7 (a) A memorandum [~~that, in form and substance, complies with~~

19 other than the life insurance company covered by the opinion, for an  
20 act, error, omission, decision, or other conduct with respect to  
21 the person's opinion.

13 valuation manual adopted by the commissioner under this section  
14 must be substantially similar to the valuation manual approved by  
15 the National Association of Insurance Commissioners. The operative  
16 date must be January 1 of the first calendar year immediately  
17 following a year in which, on or before July 1, the commissioner  
18 determines that:

19 (1) the valuation manual has been adopted by the  
20 National Association of Insurance Commissioners by an affirmative  
21 vote of at least 42 members, or three-fourths of the members voting,  
22 whichever is greater;

23 (2) the National Association of Insurance  
24 Commissioners Standard Model Valuation Law, as amended by the  
25 National Association of Insurance Commissioners in 2009, or

1 the direct premiums written as reported in the following annual  
2 statements submitted for 2008:

17 (F) Puerto Rico.

18 (c) After a valuation manual has been adopted by the  
19 commissioner by rule, any changes to the valuation manual must be  
20 adopted by rule and must be substantially similar to changes  
21 adopted by the National Association of Insurance Commissioners.  
22 Unless a change in the valuation specifies a later effective date,  
23 the effective date for changes to the valuation manual may not be  
24 earlier than January 1 of the year immediately following the date on  
25 which the commissioner determines that the changes to the valuation  
26 manual have been adopted by the National Association of Insurance  
27 Commissioners by an affirmative vote representing:

1           (1) at least three-fourths of the members of the  
2 National Association of Insurance Commissioners voting, but not  
3 less than a majority of the total membership; and

4           (2) members of the National Association of Insurance  
5 Commissioners representing jurisdictions totaling greater than 75  
6 percent of the direct premiums written as reported in the most  
7 recently available annual statements as provided by Subsections  
8 (b)(2)(A)-(C).

9           (d) The valuation manual must specify:

10           (1) the minimum valuation standards for and  
11 definitions of the policies or contracts subject to Section  
12 425.0535, including:

13                   (A) the commissioner's reserve valuation method  
14 for life insurance contracts subject to Section 425.0535;

15                   (B) the commissioner's annuity reserve valuation  
16 method for annuity contracts subject to Section 425.0535; and

17                   (C) the minimum reserves for all other policies  
18 or contracts subject to Section 425.0535;

19           (2) the policies or contracts that are subject to the  
20 requirements of a principle-based valuation under Section 425.074  
21 and the minimum valuation standards consistent with those  
22 requirements, including:

23                   (A) the requirements for the format of reports to  
24 the commissioner under Section 425.074(b)(3), which must include  
25 the information necessary to determine if a valuation is  
26 appropriate and in compliance with this subchapter;

27                   (B) the assumptions prescribed for risks over

1 which the company does not have significant control or influence;  
2 and

3 (C) the procedures for corporate governance and  
4 oversight of the actuarial function, and a process for appropriate  
5 waiver or modification of the procedures;

6 (3) the policies that are not subject to a  
7 principle-based valuation under Section 425.074;

8 (4) the data and form of data required under Section  
9 425.075, to whom the data must be submitted, and other desired  
10 requirements, including requirements concerning data analyses and  
11 reporting of analyses;

12 (5) other requirements, including requirements  
13 relating to reserve methods, models for measuring risk, generation  
14 of economic scenarios, assumptions, margins, use of company  
15 experience, disclosure, certification, reports, actuarial opinions  
16 and memorandums, transition rules, and internal controls; and

17 (6) an exemption that allows certain small companies  
18 to value reserves based on an exception from certain requirements  
19 of this section and Section 425.074; however, the premium  
20 thresholds for determining whether the exemption applies shall be  
21 as follows:

22 (A) less than \$300 million of ordinary life  
23 premium; and

24 (B) less than \$600 million of combined ordinary  
25 life premiums for a group of life insurers if the company is a  
26 member of that group.

27 (e) For purposes of Subsections (d)(6)(A) and (B), an

1 ordinary life premium is measured as a direct premium plus  
2 reinsurance assumed from an unaffiliated company, as reported in  
3 the prior calendar year statement.

4 (f) With respect to policies that are not subject to a  
5 principle-based valuation under Section 425.074 as described by  
6 Subsection (d)(3), the minimum valuation standard specified in the  
7 valuation manual must:

8 (1) be consistent with the minimum valuation standard  
9 before the operative date of the valuation manual; or

10 (2) develop reserves that quantify the benefits and  
11 guarantees, and the funding, associated with the contracts and  
12 their risks at a level of conservatism that reflects conditions  
13 that include unfavorable events that have a reasonable probability  
14 of occurring.

15 (g) In the absence of a specific valuation requirement or if  
16 a specific valuation requirement in the valuation manual does not  
17 in the commissioner's opinion comply with this subchapter, the  
18 company shall, with respect to the requirement, comply with minimum  
19 valuation standards prescribed by the commissioner by rule.

20 (h) The commissioner may employ or contract with a qualified  
21 actuary, at the expense of the company, to perform an actuarial  
22 examination of the company and provide an opinion concerning the  
23 appropriateness of any reserve assumption or method used by the  
24 company, or to review and provide an opinion on a company's  
25 compliance with any requirement of this subchapter. The  
26 commissioner may rely on the opinion, regarding provisions  
27 contained within this subchapter, of a qualified actuary engaged by

1 the insurance supervisory official of another state.

2 (i) The commissioner may require a company to change an  
3 assumption or method as necessary in the commissioner's opinion to  
4 comply with a requirement of the valuation manual or this  
5 subchapter.

6 (j) The commissioner may take other disciplinary action as  
7 permitted under Chapter 82.

8 Sec. 425.074. REQUIREMENTS OF A PRINCIPLE-BASED VALUATION.

9 (a) A company shall establish reserves using a principle-based  
10 valuation that meets the conditions for policies or contracts  
11 provided by the valuation manual. At a minimum, the valuation  
12 shall:

13 (1) quantify the benefits and guarantees, and the  
14 funding, associated with the contracts and their risks at a level of  
15 conservatism that reflects conditions that include unfavorable  
16 events that have a reasonable probability of occurring during the  
17 terms of the contracts;

18 (2) with respect to policies and contracts with  
19 significant tail risk, reflect conditions appropriately adverse to  
20 quantify the tail risk;

21 (3) incorporate assumptions, risk analysis methods,  
22 and financial models and management techniques that are consistent  
23 with those used in the company's overall risk assessment process,  
24 while recognizing potential differences in financial reporting  
25 structures and any prescribed assumptions or methods;

26 (4) incorporate assumptions:

27 (A) prescribed by the valuation manual; or

1                   (B) established:

2                   (i) using the company's available  
3 experience, to the extent that data is relevant and statistically  
4 credible; or

5                   (ii) to the extent that the company data is  
6 not available, relevant, or statistically credible, using other  
7 relevant, statistically credible experience; and

8                   (5) provide margins for uncertainty, including
