2 under this section.

3 (d) Subject to Subsection (1), a multi-user data center may
4 be certified by the comptroller as a qualifying multi-user data
5 center for purposes of this section if, on or after September 1,
6 2015, the qualifying owner, qualifying operator, or qualifying
7 occupants of the multi-user data center, independently or jointly:

8 (1) create at least five qualifying jobs in the county
9 in which the multi-user data center is located, not including jobs
10 moved from one county in this state to another county in this state;
11 and

12 (2) make or agree to make, on or after September 1,
13 2015, a capital investment of at least \$100 million in that
14 particular multi-user data center over a five-year period beginning
15 on the date the multi-user data center is certified by the
16 comptroller as a qualifying multi-user data center.

17 (e) A multi-user data center that is eligible under
18 Subsection (d) to be certified by the comptroller as a qualifying
19 multi-user data center shall apply to the comptroller for
20 certification and for the issuance of a registration number or
21 numbers by the comptroller. The application must be made on a form
22 prescribed by the comptroller and must include the information
23 required by the comptroller. The application must include the name
24 and contact information for each qualifying occupant, if any, as of
25 the date on which the application is filed with the comptroller, and
26 the name and contact information for the qualifying owner and, if
27 applicable, the qualifying operator who will claim the exemption

1 authorized under this section. The application form must include a
2 section for the applicant to certify that the capital investment
3 required by Subsection (d)(2) will be met independently or jointly
4 by the qualifying owner, qualifying operator, or qualifying
5 occupants within the time period prescribed by that subsection.

6 (f) A person who is not listed as a qualifying occupant on an
7 application filed under Subsection (e) may submit an application to
8 the comptroller for a registration number in relation to a
9 certified qualifying multi-user data center on a form prescribed by
10 the comptroller. The comptroller shall issue the registration
11 number to the applicant on receipt of information sufficient for
12 the comptroller to determine that the applicant is a qualifying
13 occupant of the certified qualifying multi-user data center.

14 (g) The exemption provided by this section begins on the
15 date the multi-user data center is certified by the comptroller as a
16 qualifying multi-user data center and expires:

17 (1) on the 10th anniversary of that date, if the
18 qualifying owner, qualifying operator, or qualifying occupants,
19 independently or jointly, make a capital investment of at least
20 \$100 million but less than \$150 million as provided by Subsection
21 (d)(2); or

22 (2) on the 15th anniversary of that date, if the
23 qualifying owner, qualifying operator, or qualifying occupants,
24 independently or jointly, make a capital investment of \$150 million
25 or more as provided by Subsection (d)(2).

26 (h) Each person who is eligible to claim an exemption
27 authorized by this section must hold a registration number issued

1 by the comptroller. The registration number must be stated on the
2 exemption certificate provided by the purchaser to the seller of
3 tangible personal property eligible for the exemption.

4 (i) The comptroller shall revoke all registration numbers
5 issued in connection with a qualifying multi-user data center that
6 the comptroller determines does not meet the requirements
7 prescribed by Subsection (d). Each person who has the person's
8 registration number revoked by the comptroller is liable for taxes,
9 including penalty and interest from the date of purchase, imposed
10 under this chapter on purchases for which the person claimed an
11 exemption under this section, regardless of whether the purchase
12 occurred before the date the registration number was revoked.

13 (j) The comptroller shall adopt rules consistent with and
14 necessary to implement this section, including rules relating to:

15 (1) a qualifying multi-user data center, qualifying
16 owner, qualifying operator, and qualifying occupant;

17 (2) issuance and revocation of a registration number
18 required under this section; and

19 (3) reporting and other procedures necessary to ensure
20 that a qualifying multi-user data center, qualifying owner,
21 qualifying operator, and qualifying occupant comply with this
22 section and remain entitled to the exemption authorized by this
23 section.

24 (k) Except as provided by Section 321.211, the exemption
25 provided under this section does not apply to the taxes imposed
26 under Chapter 321, 322, or 323.

27 (1) A multi-user data center is not eligible to receive an

1 exemption under this section if the data center is subject to an
2 agreement limiting the appraised value of the data center's
3 property under Subchapter B or C, Chapter 313.

4 (m) A qualifying owner, qualifying operator, or qualifying
5 occupant of a qualifying multi-user data center may apply to the
6 comptroller for a refund of the taxes imposed by this chapter paid
7 on the purchase of an item of tangible personal property described
8 by Subsection (b) that occurred before the date the qualifying
9 multi-user data center is certified by the comptroller if the item
10 was purchased after the earlier of:

11 (1) the date the multi-user data center submits the
12 application described by Subsection (e); or

13 (2) the 180th day before the date the multi-user data
14 center is certified by the comptroller.

15 (n) Notwithstanding any other law, a data center that was
16 certified as a qualifying data center under Section [151.359](#) between
17 January 1, 2014, and December 31, 2014, and that otherwise meets the
18 qualifications for certification as a qualifying multi-user data
19 center prescribed by Subsection (d), may elect, on written notice
20 to the comptroller, to become a certified qualifying multi-user
21 data center subject to this section. Any capital investment made,
22 and any qualifying jobs created, by the certified qualifying data
23 center before the date the data center provides written notice to
24 the comptroller under this section shall be considered in
25 determining whether the data center meets the qualifications
26 prescribed by Subsection (d), regardless of whether the investment
27 was made, or the jobs created, before September 1, 2015. For

1 purposes of Subsections (g) and (m), the date on which a qualifying
2 data center was certified as a qualifying data center by the
3 comptroller under Section 151.359 is considered to be the date on
4 which the qualifying multi-user data center is certified as a
5 certified qualifying multi-user data center for purposes of this
6 section.
