16 (a) The board may have the lands surveyed or subdivided into
17 tracts, lots, or blocks which, in its [~~their~~] judgment, will be most
18 conducive and convenient to an advantageous sale or lease of oil,
19 gas, sulphur, or other minerals in and under and that may be
20 produced from the lands; and the board may make maps and plats which
21 it deems necessary to carry out the purposes of this subchapter.

4 the land on the market in a tract or tracts, or any part of a tract,
5 which the board may designate.

6 (b) The board shall have advertised a brief description of
7 the land from which the oil, gas, sulphur, or other minerals is
8 proposed to be leased. The advertisement shall be made by
9 publishing ~~[inserting]~~ in two or more papers of general circulation
10 in this state, and in addition, the board may, in its discretion,
11 cause the advertisement to be placed in an oil and gas journal
12 published in and out of the state. The board may also mail copies of

14 located and to other persons the board believes would be
15 interested.

16 (c) The board may sell the lease or leases to the highest
17 bidder at public auction ~~[at the university in Lubbock at any hour~~
18 ~~between 10 a. m. and 5 p. m.]~~.

21 shall be paid within 24 hours after the bidder is notified that the
22 bid has been accepted. Payments shall be made in cash, certified
23 check, ~~[or]~~ cashier's check, or electronic payment, as the board
24 directs. The failure of the bidder to pay the balance of the amount
25 bid will forfeit to the board the 25 percent of the bonus bid paid.

26 Sec. 109.155 ~~[109.65]~~. SEPARATE BIDS; MINIMUM ROYALTY;
27 DELAY RENTAL. (a) A separate bid shall be made for each tract or

1 subdivision of a tract.

2 (b) No bid shall be accepted which offers a royalty of less
3 than one-eighth of the gross production of oil, gas, sulphur, and
4 other minerals in the land bid upon. The board may increase ~~[, and]~~
5 this minimum royalty ~~[may be increased]~~ at the discretion of the
6 board.

7 (c) Every bid shall carry the obligation to pay an amount
8 not less than \$5 ~~[\$1]~~ per acre for delay in drilling or development.
9 The amount shall be fixed by the board in advance of the
10 advertisement. The delay rental ~~[amount fixed]~~ shall be paid every
11 year for five years unless in the meantime production in paying
12 quantities is had upon the land or the land is released by the
13 lessee.

14 Sec. 109.156 ~~[109.66]~~. REJECTION OF BIDS; WITHDRAWAL OF
15 LAND. The board may reject any and all bids and may withdraw any
16 land advertised for lease.

17 Sec. 109.157 ~~[109.67]~~. ACCEPTANCE; CONDITIONS AND
18 PROVISIONS OF LEASE. (a) If, in the opinion of the board, ~~[any one~~
19 ~~of]~~ the highest bidder ~~[bidders]~~ has offered a reasonable and
20 proper price for any tract, which is not less than the price set by
21 the board, the lands advertised may be leased for oil, gas, sulphur,
22 and other mineral purposes under the terms of this section and
23 subject to regulations prescribed by the board which are not
24 inconsistent with the provisions of this section. In the event no
25 bid is accepted by the board at public auction, any subsequent
26 procedure for the sale of the leases shall be in the manner
27 prescribed in the preceding sections.

1 (b) No lease shall be made by the board which will permit the
2 drilling or mining for oil, gas, sulphur, or other minerals within
3 500 [~~300~~] feet of any building or structure on the land without the
4 consent of the board. In making any lease on any experimental
5 station or farm, the lease shall provide that the operations for
6 oil, gas, and other minerals shall not in any way interfere with use
7 of the land for university purposes and shall not cause the
8 abandonment of the property or its use for experimental farm
9 purposes. The lease shall also provide that the lessee operating
10 the property shall drill and carry on the lessee's [~~his~~] operations
11 in such a way as not to interfere with uses [~~cause the abandonment~~]
12 of the property for university purposes, and the leased property
13 shall be subject to the use by the state for all university
14 purposes [~~, and the board shall continue to operate the university~~].

15 Sec. 109.158 [~~109.68~~]. ACCEPTANCE AND FILING OF BIDS;
16 [~~YEARLY PAYMENTS,~~] TERMINATION OF LEASE. (a) If the board
17 determines that a satisfactory bid has been received for the oil,
18 gas, sulphur, or other mineral lands, it shall accept the bid and
19 reject all others and shall file the accepted bid in the general
20 land office.

21 (b) [~~Whenever the royalties shall amount to as much as the~~
22 ~~yearly payments fixed by the board, the yearly payments may be~~
23 ~~discontinued.~~

24 [~~(c)~~] If before the expiration of five years oil, gas,
25 sulphur, or other minerals have not been produced in paying
26 quantities, the lease shall terminate unless extended as provided
27 in Sections 109.160 [~~109.70~~] and 109.161 [~~109.71 of this code~~].

1 Sec. 109.159 [~~109.69~~]. AWARD AND FILING OF LEASE. If the
2 board determines that a satisfactory bid has been received for the
3 oil, gas, sulphur, or other minerals, it shall make an award to the
4 bidder offering the highest price, and a lease shall be filed in the
5 general land office.

6 Sec. 109.160 [~~109.70~~]. EXPLORATORY TERM OF LEASE;
7 EXTENSION; OTHER PROVISIONS. (a) The exploratory term of a lease
8 as determined by the board prior to the promulgation of the
9 advertisement shall not exceed five years, and each lease shall
10 provide that the lease will terminate at the expiration of its
11 exploratory term unless by unanimous vote of the board the lease is
12 extended for a period not to exceed [~~of~~] three years.

13 (b) [~~The lease may be extended if the board finds that there~~
14 ~~is a likelihood of oil, gas, sulphur, or other minerals being~~
15 ~~discovered by the lessees, and that the lessees have proceeded with~~
16 ~~diligence to protect the interest of the state.~~] If oil, gas,
17 sulphur, or other minerals are being produced in paying quantities
18 from the premises, the lease shall continue in force and effect as
19 long as the oil, gas, sulphur, or other minerals are being so
20 produced. No extension may be made by the board until the last 30
21 days of the original term of the lease.

22 (c) The lease shall include additional provisions and
23 regulations prescribed by the board to preserve the interest of the
24 state, not inconsistent with the provisions of this subchapter.

25 Sec. 109.161 [~~109.71~~]. EXTENSION OF LEASES. When in the
26 discretion of the board it is deemed for the best interest of the
27 state to extend a lease issued by the board, the board may by

1 unanimous vote extend the lease for a period not to exceed three
2 years, on the condition that the lessee shall continue to pay yearly
3 rental as provided in the lease and shall comply with any additional
4 terms [~~which~~] the board requires [~~may see fit and proper to demand~~].
5 The board may extend the lease and execute an extension agreement.

6 Sec. 109.162 [~~109.72~~]. CONTROL OF DRILLING AND PRODUCTION.
7 The drilling for and the production of oil, gas, and other minerals
8 from the lands shall be governed and controlled by the Railroad
9 Commission of Texas and other applicable regulatory bodies which
10 govern and control other fields in this state.

11 Sec. 109.163 [~~109.73~~]. DRILLING OPERATIONS: SUSPENSION OF
12 RENT; CONTINUANCE OF LEASE; DUTY TO PREVENT DRAINAGE. (a) If
13 during the term of a lease issued under the provisions of this
14 subchapter the lessee is engaged in actual drilling operations for
15 the discovery of oil, gas, sulphur, or other minerals, no rentals
16 shall be payable as to the tract on which the operations are being
17 conducted as long as the operations are proceeding in a good and
18 workmanlike manner in a good faith attempt to produce oil, gas,
19 sulphur, or other minerals from the well [~~faith~~].

20 (b) In the event oil, gas, sulphur, or other minerals are
21 discovered in paying quantities on any tract of land covered by a
22 lease, then the lease as to that tract shall remain in force as long
23 as oil, gas, sulphur, or other minerals are produced in paying
24 quantities from the tract.

25 (c) In the event of the discovery of oil, gas, sulphur, or
26 other minerals on any tract covered by a lease or on any land
27 adjoining the tract, the lessee shall conduct such operations as

1 may be necessary to prevent drainage from the tract covered by the
2 lease to properly develop the same to the extent that a reasonably
3 prudent individual [~~man~~] would do under the same and similar
4 circumstances.

5 Sec. 109.164 [~~109.74~~]. TITLE TO RIGHTS PURCHASED;
6 ASSIGNMENT; RELINQUISHMENT. (a) Title to all rights purchased may
7 be held by the lessee [~~owners~~] as long as the area produces oil,
8 gas, sulphur, or other minerals in paying quantities.

9 (b) All rights purchased may be assigned. All assignments
10 shall be filed in the general land office as prescribed by rule,
11 accompanied by 10 cents per acre for each acre assigned and the
12 filing fee as prescribed by rule. An assignment shall not be
13 effective unless filed as required by rule.

14 (c) All rights to all or any part of a leased tract may be
15 released to the state at any time by recording a release instrument
16 in the county or counties in which the tract is located. Releases
17 shall also be filed with the chairman of the board and the general
18 land office, accompanied by the filing fee prescribed by rule. A
19 release shall not relieve the lessee [~~owner~~] of any obligations or
20 liabilities incurred prior to the release.

21 (d) The board shall authorize any required infrastructure,
22 including [~~the laying of pipeline and telephone line and~~] the
23 opening of roads deemed reasonably necessary in carrying out the
24 purposes of this subchapter.

25 Sec. 109.165 [~~109.75~~]. PAYMENT OF ROYALTIES; RECORDS;
26 REPORT OF RECEIPTS. (a) If oil, gas, or other minerals are
27 developed on any of the lands leased by the board, the royalty as

1 stipulated in the sale shall be paid to the general land office in
2 Austin on or before the last day of each month for the preceding
3 month during the life of the rights purchased. The royalty payments
4 shall be set aside as specified in Section 109.151 [~~109.61~~] and used
5 as provided in that section.

6 (b) The royalty paid to the general land office shall be
7 accompanied by the sworn statement of the lessee [~~owner~~], manager,
8 or other authorized agent showing the gross amount of oil, gas,
9 sulphur, or other minerals produced and sold off the premises and
10 the market value of the minerals, together with a copy of all daily
11 gauges, or vats, tanks, gas meter readings, pipeline receipts, gas
12 line receipts, and other checks and memoranda of the amounts
13 produced and put into pipelines, vats, tanks, or pool and gas lines
14 or gas storage. The books and accounts, receipts and discharges of
15 all wells, tanks, vats, pools, meters, and pipelines, and all
16 contracts and other records pertaining to the production,
17 transportation, sale, and marketing of the oil, gas, sulphur, or
18 other minerals shall at all times be subject to inspection and
19 examination by any member of the board or any duly authorized
20 representative of the board.

21 (c) The commissioner of the general land office shall tender
22 to the board on or before the 10th day of each month a report of all
23 receipts that are collected from the lease or sale of oil, gas,
24 sulphur, or other minerals and that are deposited in the special
25 fund as provided by Section 109.151 [~~109.61~~] during the preceding
26 month.

27 Sec. 109.166 [~~109.76~~]. PROTECTION FROM DRAINAGE;

1 FORFEITURE OF RIGHTS. (a) In every case where the area in which
2 oil, gas, sulphur, or other minerals sold is contiguous or adjacent
3 to lands which are not lands belonging to and held by the
4 university, the acceptance of the bid and the sale made thereby
5 shall constitute an obligation of the lessee [~~owner~~] to adequately
6 protect the land leased from drainage from the adjacent lands to the
7 extent that a reasonably prudent operator would do under the same
8 and similar circumstances.

9 (b) In cases where the area in which the oil, gas, sulphur,
10 or other minerals sold is contiguous to other lands belonging to and
11 held by the university which have been leased or sold at a lesser
12 royalty, the lessee [~~owner~~] shall protect the land from drainage
13 from the lands leased or sold for a lesser royalty.

14 (c) On failure to protect the land from drainage as provided
15 in this section, the sale and all rights acquired may be forfeited
16 by the board in the manner provided in Section 109.167 [~~109.77~~ of
17 ~~this code~~] for forfeitures.

18 Sec. 109.167 [~~109.77~~]. FORFEITURE AND OTHER REMEDIES;
19 LIENS. (a) Leases granted under the provisions of this chapter
20 are subject to forfeiture by the board by an order entered in the
21 minutes of the board reciting the acts or omissions constituting a
22 default and declaring a forfeiture.

23 (b) Any of the following acts or omissions constitutes a
24 default:

25 (1) the failure or refusal by the lessee [~~owner~~] of the
26 rights acquired under this chapter to make a payment of a sum due,
27 either as rental or royalty on production, within 30 days after the

1 payment becomes due;

2 (2) the making of a false return or false report
3 concerning production, royalty, drilling, or mining by the lessee
4 [~~owner~~] or the lessee's [~~his~~] authorized agent;

5 (3) the failure or refusal of the lessee [~~owner~~] or the
6 lessee's [~~his~~] agent to drill an offset well or wells in good faith,
7 as required by the lease;

8 (4) the refusal of the lessee [~~owner~~] or the lessee's
9 [~~his~~] agent to allow the proper authorities access to the records
10 and other data pertaining to the operations authorized in this
11 subchapter;

12 (5) the failure or refusal of the lessee [~~owner~~] or the
13 lessee's [~~his~~] authorized agent to give correct information to the
14 proper authorities, or to furnish the log of any well within 30 days
15 after production is found in paying quantities; or

16 (6) the violation by the lessee [~~owner~~] of any
17 material term of the lease.

18 (c) The board may, if it so desires, have suit for
19 forfeiture instituted through the attorney general.

20 (d) On proper showing by the forfeiting lessee [~~owner~~]
21 within 30 days after the declaration of forfeiture, the lease may be
22 reinstated at the discretion of the board and upon terms prescribed
23 by the board.

24 (e) In case of violation by the lessee [~~owner~~] of the lease
25 contract, the remedy of forfeiture shall not be the exclusive
26 remedy, and the state may institute suit for damages or specific
27 performance or both.

1 (f) The state shall have a first lien on oil, gas, sulphur,
2 or other minerals produced or that may be produced in the leased
3 area, and on all rigs, tanks, vats, pipelines, telephone lines, and
4 machinery and appliances used in the production and handling of
5 oil, gas, sulphur, or other minerals produced, to secure the amount
6 due from the lessee [~~owner of the lease~~].

7 Sec. 109.168 [~~109.78~~]. FILING OF DOCUMENTS AND PAYMENT OF
8 ROYALTIES, FEES, AND RENTALS. (a) All surveys, files, copies of
9 sale and lease contracts, and other records pertaining to the sales

11 general land office and shall constitute archives.

12 (b) Payment of all royalties, lease fees, rentals for delay
13 in drilling or mining, filing fees for assignments and
14 relinquishments, and all other payments shall be made to the
15 commissioner of the general land office at Austin. The
16 commissioner shall transmit all payments received to the board for
17 deposit to the credit of the Texas Tech University special mineral
18 fund as provided by Section 109.151 [~~109.61~~].

19 Sec. 109.169 [~~109.79~~]. FORMS, REGULATIONS, RULES, AND
20 CONTRACTS. The board shall adopt proper forms, regulations, rules,
21 and contracts which, in its judgment, will protect the income from
22 lands leased pursuant to this subchapter.

23 Sec. 109.170 [~~109.80~~]. MANAGEMENT OF SURFACE AND MINERAL
24 ESTATES. (a) The board may lease for oil, gas, sulphur, ore,
25 water, and other mineral development all land under its exclusive
26 control for the use of the university. The board may make and enter
27 into pooling agreements, division orders, or other contracts

1 necessary in the management and development of its land.

2 (b) All leases, pooling agreements, division orders, or
3 other contracts entered into by the board shall be on terms that the
4 board considers in the best interest of the university. The board
5 may not sell a lease for less than the royalty and rental terms
6 demanded at that time by the General Land Office in connection with
7 the sale of oil, gas, and other mineral leases of the public lands
8 of this state.
