AN ACT
relating to certain diagnostic testing during pregnancy.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 81.090, Health and Safety Code, is amended by amending Subsections (a-1), (c), (c-1), and (c-2) and adding Subsection (p) to read as follows:

(a-1) A physician or other person permitted by law to attend a pregnant woman during gestation or at delivery of an infant shall:

(1) take or cause to be taken a sample of the woman's blood or other appropriate specimen at an examination in the third trimester of the pregnancy, but not earlier than the 28th week of the pregnancy;

(2) submit the sample to an appropriately certified laboratory for a diagnostic test approved by the United States Food and Drug Administration for syphilis and HIV infection; and

(3) retain a report of each case for nine months and deliver the report to any successor in the case.

(c) A physician or other person in attendance at a delivery shall:

(1) take or cause to be taken a sample of blood or other appropriate specimen from the mother on admission for delivery; and

(2) submit the sample to an appropriately certified laboratory for diagnostic testing approved by the United States Food and Drug Administration for syphilis and HIV infection.
Food and Drug Administration for [A]

[(A)] syphilis; and
[(B)] hepatitis B infection.

(c-1) If the physician or other person in attendance at the delivery does not find in the woman's medical records results from the diagnostic test for syphilis and HIV infection performed under Subsection (a-1), the physician or person shall:
(1) take or cause to be taken a sample of blood or other appropriate specimen from the mother;
(2) submit the sample to an appropriately certified laboratory for diagnostic testing approved by the United States Food and Drug Administration for syphilis and HIV infection; and
(3) instruct the laboratory to expedite the processing of the HIV test so that the results are received less than six hours after the time the sample is submitted.

(c-2) If the physician or other person responsible for the newborn child [in attendance at the delivery] does not find in the woman's medical records results from a diagnostic test for syphilis and HIV infection performed under Subsection (a-1), and the diagnostic test for syphilis and HIV infection was not performed before delivery under Subsection (c-1), the physician or other person responsible for the newborn child [in attendance at delivery] shall:
(1) take or cause to be taken a sample of blood or other appropriate specimen from the newborn child less than two hours after the time of birth;
(2) submit the sample to an appropriately certified
laboratory for a diagnostic test approved by the United States Food
and Drug Administration for syphilis and HIV infection; and
(3) instruct the laboratory to expedite the processing
of the HIV test so that the results are received less than six hours
after the time the sample is submitted.
(p) Not later than January 1 of each odd-numbered year, the
department shall report to the legislature the number of cases of
early congenital syphilis and of late congenital syphilis that were
diagnosed in this state in the preceding biennium.

SECTION 2. Sections 81.090(a-1), (c), (c-1), and (c-2),
Health and Safety Code, as amended by this Act, apply only to
submission of a sample for diagnostic testing on or after the
effective date of this Act. The submission of a sample for
diagnostic testing before the effective date of this Act is covered
by the law in effect immediately before the effective date of this
Act, and the former law is continued in effect for that purpose.

SECTION 3. This Act takes effect September 1, 2015.
