

AN ACT

relating to citrus pest and disease management.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Sections 80.001(a) and (b), Agriculture Code, are amended to read as follows:

(a) The legislature finds that:

(1) citrus pests and diseases, including the insect known as the Asian citrus psyllid and the disease known as citrus greening, are public nuisances and menaces to the citrus industry, and their control and suppression is a public necessity;

(2) because of the natural migration patterns of citrus pests and the contagious nature of citrus diseases [~~the Asian citrus psyllid~~], the control and suppression of the nuisance can best be accomplished by dividing the commercial citrus-growing areas into separate zones so that integrated pest management programs may be developed for each zone;

(3) there is a need for a quasi-governmental entity acting under the supervision and control of the commissioner whose members are actual citrus producers who would be represented on the board of the entity by directors elected by them to manage control and suppression programs and to furnish expertise in the field of disease and insect control and suppression, because such an entity would enhance the interest and participation of citrus producers in the program;

1 (4) citrus producers, in partnership with the state
2 and federal governments, have made significant investments toward
3 the suppression of these pests and disease in this state; and

4 (5) it is essential to the well-being of the citrus
5 industry and the agricultural economy of this state that the
6 investments of the citrus producers and the state and federal
7 governments be protected.

8 (b) It is the intent of the legislature that the program of
9 control and suppression of citrus pests and diseases [~~the Asian~~
10 ~~citrus psyllid~~] be carried out with the best available integrated
11 pest management techniques.

12 SECTION 2. Section 80.002, Agriculture Code, is amended to
13 read as follows:

14 Sec. 80.002. DESIGNATION OF ENTITY TO CARRY OUT CITRUS PEST
15 AND DISEASE [~~ASIAN CITRUS PSYLLID AND CITRUS GREENING~~] CONTROL AND
16 SUPPRESSION. (a) The Texas Citrus Pest and Disease Management
17 Corporation, Inc., a Texas nonprofit corporation, shall be
18 recognized by the department as the entity to plan, carry out, and
19 operate suppression programs to manage and control pests and
20 diseases, including the Asian citrus psyllid and citrus greening,
21 in citrus plants in the state under the supervision of the
22 department as provided by this chapter.

23 (b) The commissioner may terminate the corporation's
24 designation as the entity recognized to carry out citrus pest and
25 disease [~~Asian citrus psyllid~~] control and management by giving 45
26 days' written notice to the corporation and by designating a
27 successor entity. If the commissioner designates a successor to

1 the corporation, the successor has all the powers and duties of the
2 corporation under this chapter. Any successor to the corporation
3 shall assume and shall be responsible for all obligations and
4 liabilities relating to any notes, security agreements,

19 portion of its life cycle.

21 ~~Asian citrus psyllid~~] in any life stage or the existence of
