Fiscal Analysis

The bill would amend the Transportation Code to require the Department of Motor Vehicles to issue specialty license plates that include the words "In God We Trust." The bill would specify that the fee for the new specialty license plate, after deduction of DMV administrative costs, is to be deposited to the General Revenue Fund and may only be appropriated to the Texas Veterans

Commission. The bill would take effect on January 1, 2016.

Methodology

Based on the information and analysis provided by DMV, this analysis assumes 200 of the new specialty license plates would be issued each year at a fee of \$30 each of which \$7.50 would be deposited to the General Revenue Fund for DMV administrative expenses; \$0.50 would be retained by the counties; and \$22 would be deposited to the General Revenue Fund and may be appropriated to the Texas Veterans Commission. This analysis assumes \$4,400 each year would remain after deduction of DMV and county administrative expenses.

Based on the analysis of DMV, it is assumed any costs or duties associated with implementing the provisions of the bill could be absorbed within the agency's existing resources.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
