

**LEGISLATIVE BUDGET BOARD**  
**Austin, Texas**

**FISCAL NOTE, 84TH LEGISLATIVE REGULAR SESSION**

**March 17, 2015**

**TO:** Honorable Harold V. Dutton, Jr., Chair, House Committee on Juvenile Justice & Family Issues

**FROM:** Ursula Parks, Director, Legislative Budget Board

**IN RE: HB984** by Deshotel (Relating to birth records of adopted persons; authorizing a fee.), **As Introduced**

**No significant fiscal implication to the State is anticipated.**

The bill would amend the Health and Safety Code and Family Code relating to birth records of an adopted person. The bill would authorize the state registrar to provide, upon written request, a noncertified copy of an adopted person's birth certificate to that person or to a specified family member if certain conditions exist. The bill allows for a fee to be collected for each certificate equal to the fee charged for any other noncertified birth certificate (currently \$10). Compliance with this provision would not be required until July 1, 2016.

The bill would also require that the state registrar develop a contact preference form that birth parents would be required to complete and a supplemental medical history form that birth parents could choose to complete. Completed forms would be provided to a person eligible to receive an adopted person's noncertified birth certificate. The Department of State Health Services (DSHS) would be required to make the forms available on the DSHS website and in the state registrar's office. The Department of Family and Protective Services (DFPS) would be required to provide a contact preference form to the birth parents and forward each completed form to the state registrar. The bill requires that the forms be developed no later than January 1, 2016.

The bill could generate additional revenue depending on fees collected from requests for noncertified birth certificates, which cannot be estimated. Based on analysis of DSHS and DFPS duties and responsibilities associated with implementing the provisions of the bill could be accomplished by utilizing existing resources.

**Local Government Impact**

No fiscal implication to units of local government is anticipated.
