2020	(\$147,192)	2.0

## **Fiscal Analysis**

The bill would amend portions of the Natural Resources Code and Parks and Wildlife Code to transfer the Texas Farm and Ranch Lands Conservation Program from the General Land Office (GLO) to the Parks and Wildlife Department (TPWD).

The bill would recreate the Texas Farm and Ranch Lands Conservation Fund as an account in the General Revenue Fund. Funds in this account could be used for grants and transaction costs related to purchases of agricultural conservation easements, and up to five percent could be used for administrative costs incurred by TPWD. Revenue to the fund would consist of moneys appropriated by the legislature; public or private grants and contributions; proceeds from the sale of real property not required for the management of real property; and funds from any other source, including proceeds from the sale of bonds, state or federal mitigation funds, or funds from any local, state, or federal program.

The bill would also increase membership of the Texas Farm and Ranch Lands Conservation Council from 10 to 11 members.

This legislation would do one or more of the following: create or recreate a dedicated account in the General Revenue Fund, create or recreate a special or trust fund either with or outside of the Treasury, or create a dedicated revenue source. Legislative policy, implemented as Government Code 403.094, consolidated special funds (except those affected by constitutional, federal, or other restrictions) into the General Revenue Fund as of August 31, 1993 and eliminated all applicable statutory revenue dedications as of August 31, 1995. Each subsequent Legislature has reviewed bills that affect funds consolidation. The fund, account, or revenue dedication included in this bill would be subject to funds consolidation review by the current Legislature.

The bill would take effect immediately upon enactment if it received a two-thirds vote in each house. Otherwise, the bill would take effect September 1, 2015.

## **Methodology**

Based on information provided by TPWD, the bill would require funding from General Revenue for 2.0 FTE positions to administer the program, and associated equipment for the FTE positions in the first year. The associated costs are reflected in the table above.

## **Local Government Impact**

No significant fiscal implication to units of local government is anticipated.
