**All Funds, Five-Year Impact:**

Fiscal Year	Probable Revenue (Loss) from <i>Property Tax Relief Fund</i> 304
2016	(\$3,035,000)
2017	(\$3,089,000)
2018	(\$3,077,000)
2019	(\$3,134,000)
2020	(\$3,179,000)

**Fiscal Analysis**

The bill would amend Chapter 171 of the Tax Code, regarding the franchise tax, to specify receipts to be included in the numerator of the apportionment factor for certain taxable entities. A

taxable entity that is a broadcaster would include in the numerator receipts arising from licensing income from broadcasting or otherwise distributing film programming by any means only if the legal domicile of the broadcaster's customer is in this state.

The bill would define "broadcaster," "customer," "film programming" and "programming."

This bill would take effect on January 1, 2016, and apply to a report due on or after that date.

### **Methodology**

Under current law, the receipt from a license to use a copyright is a receipt in this state if the copyrighted material is used in this state. For broadcasting the use of the copyright for the broadcast is treated as occurring where the consumer views, hears, or otherwise benefits from the broadcast. This bill would source the receipt based on the legal domicile of the customer who, by the definition in the bill, has a direct connection or contractual relationship with the broadcaster. The legal domicile of a corporation or limited liability company is the state of formation. The legal domicile of a partnership, trust, or joint venture is the principal place of business of the partnership, trust, or joint venture. The principal place of business of a partnership, trust, or joint venture is the location of its day-to-day operations.

The estimated fiscal impact is based on information from the Comptroller's franchise tax data files on broadcaster and information provided by the Motion Picture Association of America.

### **Local Government Impact**

No fiscal implication to units of local government is anticipated.
