

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 84TH LEGISLATIVE REGULAR SESSION

March 17, 2015

TO: Honorable Charles Schwertner, Chair, Senate Committee on Health & Human Services

FROM: Ursula Parks, Director, Legislative Budget Board

IN RE: SB125 by West (Relating to certain assessments for children in the conservatorship of the Department of Family and Protective Services.), **As Introduced**

Estimated Two-year Net Impact to General Revenue Related Funds for SB125, As Introduced: a negative impact of (\$564,905) through the biennium ending August 31, 2017.

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

General Revenue-Related Funds, Five-Year Impact:

Fiscal Year	Probable Net Positive/(Negative) Impact to General Revenue Related Funds
2016	(\$229,788)
2017	(\$335,117)
2018	(\$366,954)
2019	(\$366,954)
2020	(\$366,954)

All Funds, Five-Year Impact:

Fiscal Year	Probable Savings/(Cost) from <i>General Revenue Fund</i> 1	Probable Savings/(Cost) from <i>Federal Funds</i> 555	Change in Number of State Employees from FY 2015
2016	(\$229,788)	(\$27,342)	0.0
2017	(\$335,117)	(\$39,875)	3.1
2018	(\$366,954)	(\$43,663)	3.1
2019	(\$366,954)	(\$43,663)	3.1
2020	(\$366,954)	(\$43,663)	3.1

Fiscal Analysis

The bill would amend the Family Code to require the Department of Family and Protective Services (DFPS) to conduct a developmentally appropriate, comprehensive psychosocial assessment 45 days after a child enters the conservatorship of DFPS. The assessment must include

a screening for trauma and interviews with individuals who have knowledge of the child's needs. The bill also requires DFPS to develop a schedule of approved assessment tools and guidelines.

Methodology

According to DFPS, children in the conservatorship of DFPS currently have access to a variety of assessments through STARHealth. However, there's no single tool used for each child.

Under the provisions of the bill, DFPS determined that the most developmentally appropriate, comprehensive psychosocial assessment that would be provided to each child under the conservatorship of DFPS is the child and adolescent needs and strengths (CANS) assessment tool. Based on information provided by DFPS, it was estimated that an additional 3.0 FTEs would be needed for policy development and oversight to be hired in fiscal year 2017. The costs associated with those FTEs would be \$374,992 in fiscal year 2017 and \$410,617 in fiscal year 2018 and each year after. Those costs include salaries, benefits, other operating expenses, and the costs associated with 0.1 FTEs at the Health and Human Services Commission.

Other costs in fiscal year 2016 include \$31,000 for the development of the algorithm; \$80,000 for the access to the eCANS system, which will provide the results of the CANS assessment; and \$146,130 for training costs.

Total cost would be \$257,130 in fiscal year 2016, \$374,992 in fiscal year 2017, and \$410,617 in fiscal year 2018 and each year thereafter.

The Health and Human Services Commission (HHSC) indicated that STARHealth clients receive many assessments (an average of 3 per client) and that by streamlining the process to reduce the number of assessments could create savings. The savings could not be estimated.

Technology

Costs of \$80,000 in FY2016 is estimated for access to the eCANS system.

Local Government Impact

No fiscal implication to units of local government is anticipated.
