Fiscal Analysis

The bill would amend the Transportation Code relating to the amount of money transferred monthly from the State Highway Fund (SHF) No. 6 (Other Funds) to the General Revenue-Dedicated Texas Emissions Reduction Plan (TERP) Account No. 5071. The bill would provide that the Texas Department of Transportation (TxDOT) transfer from the TERP Account No. 5071 only

the amount of Certificate of Title Fees deposited to the Texas Mobility fund that are collected from applicants that reside in a county located in a nonattainment area as defined under Section 107(d) of the federal Clean Air Act (42 U.S.C. Section 7407), as amended, or in an affected county, as defined by Section 386.001, Health and Safety Code.

The bill would take effect September 1, 2015. TxDOT would be required to comply with the bill's provisions beginning on October 1, 2015.

Methodology

Under current law, TxDOT is required to remit an amount from the SHF to the TERP Account No. 5071 equal to the amount of Certificate of Title fees deposited to the credit of the Texas Mobility Fund from all counties. Effective October 1, 2015, the bill would limit that transfer amount to the amount remitted for vehicle title fees from counties located in a nonattainment area. The estimated gain to the State Highway Fund and equal loss to the TERP Account No. 5071 was provided by the Comptroller of Public Accounts. The Comptroller reports that their estimates are based on information from the Department of Motor Vehicles for the amount of title fees remitted from those counties, adjusted for effective date, and projected forward based on growth rates in the 2016-17 Biennial Revenue Estimate. Pursuant to current law, the required remittance of SHF money to the TERP Account No. 5071 will expire on August 31, 2019 (end of fiscal year 2019).

Local Government Impact

No fiscal implication to units of local government is anticipated.
