

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 84TH LEGISLATIVE REGULAR SESSION

May 15, 2015

TO: Honorable Jim Keffer, Chair, House Committee on Natural Resources

FROM: Ursula Parks, Director, Legislative Budget Board

IN RE: SB521 by Fraser (Relating to the period for which the Texas Commission on Environmental Quality may grant or renew an emergency authorization relating to the use of state water.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would authorize the Texas Commission on Environmental Quality (TCEQ) to issue emergency authorizations when there are emergency conditions which present an imminent threat to the public health and safety and which override the necessity to comply with established statutory procedures, and there are no feasible practicable alternatives. Current statute allows the emergency authorization to be issued for 120 days, and to be renewed once for no more than 60 days. The bill would change the maximum term of the initial emergency authorization to 270 days.

The TCEQ does not expect passage of the bill to result in a significant impact to agency workload.

Local Government Impact

The bill could have positive fiscal implications for governmental entities that apply for an emergency authorization. There may be a cost savings for entities not having to file as many applications and pay the related application fees to keep the emergency authorization effective. These savings are not expected to be significant.
