TEXAS TECH UNIVERSITY

Student Counseling Center™

Triage System / Treatment Levels

- Intake counselor discusses various treatment options with student
- Following intake, students with more severe concerns (e.g., increased suicidal risk) are given high priority for assignment to counselor
- Scope of Care – primarily short term; issues requiring long-term care may require referral to other providers
- Individual Counseling has 3 Treatment Levels; Treatment Level is matched to type of presenting concern
 - 1-3 Sessions
 - 4-7 Sessions
 - 8+ Sessions

TEXAS TECH UNIVERSITY

Student Counseling Center™

Mental Health Trends

- Anxiety and Depression continue to be most cited presenting concerns for students
- More students seeing counselors prior to college; want to continue with services during college
- Reduced stigma among college population about receiving mental health services

TEXAS TECH UNIVERSITY

Student Counseling Center™

Crisis Safety Net

- 24-hour Texas Tech Crisis HelpLine (contracted service)
- Online Interactive Screening Program
- Walk-In Clinic (Monday-Friday 12:30-3:30)
