The committee will hear invited and public testimony on the following interim charges:

Identify and address potential gaps in counties' cybersecurity policies and ensure that personal information held by counties and other local governmental entities is secure.

Evaluate the Texas Commission on Jail Standards to determine if the Commission has the resources and structure to provide sufficient oversight, regulation, and enforcement over Texas county jails.

Study the implications and effects on law enforcement agencies and individuals that stem from the publication, republication, or other dissemination for public internet access of mug shots and other criminal history information regarding involvement of an individual in the criminal justice system.

Study statutorily mandated services provided by sheriffs and constables, and determine whether fee schedules allow cost recovery without placing undue burdens on recipients of those services.

Study the effect of Proposition 5 (SJR 17 (84R)) on the quality of private roadways in counties with a population of less than 7,500. Make recommendations to ensure the amendment does not result in undue competition between counties and private industry, and whether additional counties could benefit from a similar authorization.

Conduct legislative oversight and monitoring of the agencies and programs under the committee's jurisdiction and the implementation of relevant legislation passed by the 84th Legislature. In conducting this oversight, the committee should:

 - b. identify issues regarding the agency or its governance that may be appropriate to investigate, improve, remedy, or eliminate;
