Under the provisions of the bill, a permit fee would not be permitted to exceed \$50 for a residential location and \$250 for other alarm system locations. The bill would prohibit a municipality from terminating a law enforcement response because of excess false alarms if the false alarm fees are paid in full. The bill would prohibit a municipality from refusing to issue an alarm system permit for a residential location solely because the location is an individual residential unit located in a multiunit housing facility. The bill establishes criteria for responding to alarms and penalties associated with false alarms. The bill specifies that a municipality that does not respond to an alarm is not liable for damages that may occur. The bill would permit a property owner or agent to elect to exclude the city from receiving an alarm signal by an alarm system located on the property owner's property.
