**IN RE: HB191** by King, Phil (Relating to the creation of a commission to recommend improvements to the public school finance system.), **As Introduced**

The bill would create the Texas Commission on Public School Finance which would have the responsibility to develop and make recommendations for improvements to the current public school finance system or for new methods of financing public schools. The bill would require staff members of the Texas Education Agency (TEA) to provide administrative support for the commission. The bill would abolish the commission on January 8, 2019.

This analysis assumes any costs associated with implementing the provisions of the legislation could be absorbed within current resources.

**Local Government Impact**

No fiscal implication to units of local government is anticipated.
