

**LEGISLATIVE BUDGET BOARD**  
**Austin, Texas**

**FISCAL NOTE, 85TH LEGISLATURE 1st CALLED SESSION - 2017**

**August 8, 2017**

**TO:** Honorable John Zerwas, Chair, House Committee on Appropriations

**FROM:** Ursula Parks, Director, Legislative Budget Board

**IN RE: HJR1** by Bonnen, Greg (proposing a constitutional amendment regarding the limitation on the rate of growth of appropriations.), **Committee Report 1st House, Substituted**

**No fiscal implication to the State is anticipated in the upcoming biennium**, other than the cost of publication. The provisions of the bill would take effect with the 2020-21 biennium.

The cost to the State for publication of the resolution is \$114,369.

Starting in the 2020-21 biennium, the fiscal implication of restricting the biennial growth of appropriations from all sources of state revenue other than the federal government to the estimated growth of compounded population and inflation would depend on the actions of the Legislative Budget Board with respect to adopting the rate and future appropriation decisions by the Legislature.

The proposed amendment to Section 22, Article VIII, if adopted, would limit the biennial growth of appropriations from all sources of state revenue other than the federal government. The rate of growth may not exceed the estimated growth of compounded population and inflation.

Currently, Article VIII, Section 22 of the Texas Constitution limits the biennial growth of appropriations from state tax revenue not dedicated by the constitution to the estimated rate of growth of the state's economy. Section 316.002 of the Government Code, instructs the Legislative Budget Board to determine the growth of the state's economy by estimating the growth in Texas personal income.

The fiscal impact of expanding the application of the limit to appropriations from all sources of state revenue other than the federal government and restricting the growth of those appropriations by the estimated growth of compounded population and inflation would depend on the actions of the Legislative Budget Board with respect to adopting the rate and future appropriation decisions by the Legislature.

The proposed amendment only would apply to appropriations made for the 2020-21 biennium and subsequent biennia.

**Local Government Impact**

No fiscal implication to units of local government is anticipated.
