**HB1455, as Filed by Representative Dwayne Bohac
Texas Commission on Environmental Quality's Comments**

The Legislative Budget Board, in cooperation with the Texas Water Development Board (TWDB) and the Texas Commission on Environmental Quality (TCEQ), has determined that:

This bill creates Harris County Municipal Utility District No. 552 (District) with the powers and duties of a standard municipal utility district under Water Code Chapters 49 and 54.

Comments on Powers/Duties Different from Similar Types of Districts: This bill grants the District authority for road projects; the District may exercise road powers without submitting a petition to or obtaining approval from the TCEQ, required by Section 54.234, Water Code; the District may not undertake a road project authorized by Section 7978.103, Special District Local Laws Code, unless plans and specifications of a road project have been approved by the municipality or county that will operate and maintain the road, or the Texas Transportation Commission has approved the plans and specifications of the road project, if the state will operate and maintain the road; the bill grants the District limited use of eminent domain. The District may not exercise the power of eminent domain outside the District to acquire a site or easement for road projects authorized by Section 7978.103, Special District Local Laws Code, or recreational facilities as defined by Section 49.462, Water Code; the bill specifies that at the time of issuance, the total principal amount of bonds or other obligations issued or incurred to finance road projects and payable from ad valorem taxes may not exceed one-fourth of the assessed value of real property in the District; and if the bill does not receive a two-thirds vote of all members elected to each house, the District may not exercise the power of eminent domain.

Overlapping Services: TCEQ does not have mapping information for water and/or wastewater providers because this function was transferred from the TCEQ to the Public Utility Commission on September 1, 2014. As a result, TCEQ is unaware of possible overlapping service providers.

TCEQ's Supervision: As with general law districts, the TCEQ will have general supervisory authority, including bond review authority and review of financial reports.
