**HB 2075, as Filed by Representative Mike Lang
Texas Commission on Environmental Quality's Comments**

The Legislative Budget Board, in cooperation with the Texas Water Development Board (TWDB) and the Texas Commission on Environmental Quality (TCEQ), has determined that:

This bill amends the Special District Local Laws Code by adding Chapter 7975 which creates Cresson Municipal Utility District No. 1 of Hood County (District) with the powers and duties of a standard municipal utility district under Water Code Chapters 49 and 54, with the following exceptions.

Comments on Powers/Duties Different from Similar Types of Districts: The bill also: requires the TCEQ to appoint the five initial temporary directors upon receipt of a petition from the owners of a majority of the assessed value of the real property in the district; this bill grants the District authority for road projects; this bill grants the District the authority to establish, operate, and maintain or contract for firefighting services in the District and may issue bonds and impose taxes to pay for the department and the activities; the bill allows the District to adopt and enforce all necessary charges, mandatory fees, or rentals, in addition to taxes, for providing or making available any District facility or service, including firefighting activities; the bill specifies that at the time of issuance, the total principal amount of bonds or other obligations issued or incurred to finance road projects and payable from ad valorem taxes may not exceed one-fourth of the assessed value of real property in the District; if the bill does not receive a two-thirds vote of all members elected to each house, the District may not exercise the power of eminent domain; and, Senate Bill 904 by Sen. Birdwell is the companion to this proposed amendment.

Overlapping Services: TCEQ does not have mapping information for water and/or wastewater providers because this function was transferred from the TCEQ to the Public Utility Commission on September 1, 2014. As a result, TCEQ is unaware of possible overlapping service providers.

TCEQ's Supervision: As with general law districts, the TCEQ will have general supervisory authority, including bond review authority and review of financial reports.
