Dear Speaker Straus:

The following comments are provided pursuant to the Constitutional requirements referenced above. Under those requirements, the TCEQ must submit, to the Governor, Lieutenant Governor and Speaker of the House of Representatives, the TCEQ's recommendations on specific legislation affecting water districts. We recommend that these comments be considered in the evaluation of the proposed legislation.

Enclosure

**HB 4335, as Filed by Representative Ryan Guillen
Texas Commission on Environmental Quality's Comments**

The Legislative Budget Board, in cooperation with the Texas Water Development Board (TWDB) and the Texas Commission on Environmental Quality (TCEQ), has determined that:

The bill creates Willacy County Municipal Utility District No. 1 (the District) with the powers and duties of a standard municipal utility district under Water Code Chapters 49 and 54, with the following exceptions.

Comments on Powers/Duties Different from Similar Types of Districts:

This bill amends the Special District Local Laws Code by adding Chapter 8014 which creates the Willacy County Municipal Utility District No. 1 (District) with the powers and duties of a standard municipal utility district under Water Code Chapters 49 and 54. This bill grants the District authority for road projects. The bill allows the District to divide. The District may not exercise the power of eminent domain outside the District to acquire a site or easement for: a road project authorized by Section 8014.103; or a recreational facility as defined by Section 49.462, Water Code. The bill specifies that at the time of issuance, the total principal amount of bonds or other obligations issued or incurred to finance road projects and payable from ad valorem taxes may not exceed one-fourth of the assessed value of real property in the District. If the bill does not receive a two-thirds vote of all members elected to each house, the District may not exercise the power of eminent domain.

Overlapping Services: TCEQ does not have mapping information for water and/or wastewater providers because this function was transferred from the TCEQ to the Public Utility Commission on September 1, 2014. As a result, TCEQ is unaware of possible overlapping service providers.

TCEQ's Supervision: As with general law districts, the TCEQ will have general supervisory authority, including bond review authority and review of financial reports.
