

BILL ANALYSIS

C.S.H.B. 5
By: Frank
Human Services
Committee Report (Substituted)

BACKGROUND AND PURPOSE

Concerns have been raised regarding the structure of the Department of Family and Protective Services (DFPS) with respect to the pace of decision-making in abuse and neglect investigations and a lack of organizational flexibility for DFPS to manage its service delivery and workforce more effectively. C.S.H.B. 5 seeks to better meet the needs of children in the foster care system and at-risk youth in Texas by removing DFPS from the state's health and human services system under the direction of the Health and Human Services Commission.

CRIMINAL JUSTICE IMPACT

It is the committee's opinion that this bill does not expressly create a criminal offense, increase the punishment for an existing criminal offense or category of offenses, or change the eligibility of a person for community supervision, parole, or mandatory supervision.

RULEMAKING AUTHORITY

It is the committee's opinion that rulemaking authority is expressly granted to the commissioner of the Department of Family and Protective Services in SECTION 24 of this bill.

ANALYSIS

C.S.H.B. 5 amends the Family Code, Government Code, and Human Resources Code to provide for the separation of the Department of Family and Protective Services (DFPS) from the state's consolidated health and human services system under the oversight of the executive commissioner of the Health and Human Services Commission (HHSC) with responsibility for management and direction of DFPS operations.

C.S.H.B. 5 amends the Government Code to remove DFPS from classification as a health and human services agency for purposes of statutory provisions relating to the health and human services system. The bill removes the Family and Protective Services Council from a statutory provision providing for the abolishment of certain state agencies and entities as part of the consolidation of the health and human services system. The bill removes DFPS from the agencies for which the Sunset Advisory Commission is required to provide an evaluation and recommendations in conducting a limited-scope review of HHSC regarding the consolidation of the health and human services system.

C.S.H.B. 5 includes DFPS functions relating to investigations of alleged abuse or neglect occurring at a child-care facility, including a residential child-care facility, among those not subject to transfer to HHSC as part of the consolidation of the health and human services system, expressly prohibits the responsibility for conducting such investigations from being transferred to HHSC, and clarifies that the responsibility remains with DFPS. The bill requires the commissioner of DFPS to transfer the responsibility for conducting those investigations to the DFPS child protective services division and to transfer appropriate investigators and staff as necessary. These provisions take effect on passage of the bill, or, if the bill does not receive the

necessary vote, the 91st day after the last day of the legislative session.

C.S.H.B. 5 repeals Human Resources Code provisions subjecting the powers and duties of DFPS, including enforcement activities and functions, to oversight by the executive commissioner of HHSC to manage and direct the operations of DFPS and relating to the executive commissioner's contracting and auditing authority regarding DFPS powers, duties, functions, and activities.

C.S.H.B. 5 amends the Human Resources Code to transfer the duty to appoint a commissioner for DFPS from the executive commissioner of HHSC to the governor and to specify that the commissioner of DFPS serves at the pleasure of the governor. The bill replaces the requirement that the commissioner of DFPS assist the executive commissioner of HHSC in the development and implementation of policies and guidelines needed for the administration of DFPS functions and the development of rules relating to the matters within the jurisdiction of DFPS with the requirement that the commissioner of DFPS oversee such functions. The bill requires the commissioner of DFPS to adopt rules and policies for the operation of and the provision of services by DFPS.

C.S.H.B. 5 creates the nine-member Family and Protective Services Council to assist the commissioner of DFPS in developing rules and policies for DFPS. The bill sets out provisions relating to eligibility requirements for appointment to the council, council member terms, meeting requirements, and procedures for the governor to appoint council members, fill vacancies, and designate a presiding officer. The bill requires the council members to elect any other necessary officers, prohibits a council member from receiving compensation for service as a council member, and entitles a council member to reimbursement for certain travel expenses. The bill requires the council to study and make recommendations to the commissioner of DFPS regarding the management and operation of DFPS and establishes that a majority of the council members constitutes a quorum for the transaction of business. The bill subjects the council to state open meetings law and exempts the council from state law governing state agency advisory committees. The bill prohibits a person appointed as a council member from voting, deliberating, or being counted as a member in attendance at a council meeting until the person completes a training program and prescribes the information the training program is required to provide to a council member.

C.S.H.B. 5 transfers the authority to appoint advisory committees for DFPS and rulemaking authority regarding the purpose, structure, and use of such committees by DFPS from the executive commissioner of HHSC to the commissioner of DFPS and requires DFPS and HHSC to enter into contracts for the provision of shared administrative services. The bill specifies that a reference in law to HHSC and the executive commissioner of HHSC in relation to a DFPS function or an administrative support function for DFPS and in relation to investigations and protective services for elderly persons and persons with disabilities means a reference to DFPS and the commissioner of DFPS, respectively. The bill requires the commissioner of DFPS to establish the following divisions and offices within DFPS: an investigations division, a contracting division that oversees specified functions, an office of consumer affairs, a consolidated data division, and a legal division that oversees specified functions. The bill authorizes the commissioner of DFPS to establish additional divisions within DFPS as the commissioner determines appropriate and to assign functions among DFPS divisions.

C.S.H.B. 5 amends the Family Code to include DFPS among the entities considered a juvenile service provider for purposes of interagency sharing of the educational records of certain students and to include DFPS among the entities to which the Texas Juvenile Justice Department may grant access to juvenile justice information for certain purposes. The bill transfers rulemaking authority from the executive commissioner of HHSC to the commissioner of DFPS with regard to rules relating to the pre-placement and post-placement parts of an adoption evaluation conducted by a licensed child-placing agency or DFPS, certain adoption assistance subsidies that DFPS may pay for an adoptive child, the continuation of adoption assistance

following the 18th birthday of a child adopted after the child's 16th birthday, a schedule for permanency planning meetings for each child for whom DFPS is appointed temporary managing conservator, a parenting education program provided by DFPS, and medical care and education services. The bill establishes that a reference to HHSC or the executive commissioner of HHSC in statutory provisions relating to child welfare services and an investigation of a report of child abuse or neglect means a reference to DFPS or the commissioner of DFPS, respectively, and transfers rulemaking authority granted under those provisions from the executive commissioner of HHSC to the commissioner of DFPS. The bill requires DFPS to collaborate with HHSC and health care and child welfare professionals to design a comprehensive, cost-effective medical services delivery model to meet the needs of children served by DFPS and makes HHSC responsible for administering contracts with managed care providers for the provision of medical care to children in foster care. The bill specifies that certain duties of HHSC relating to health passports for children in foster care are in collaboration with DFPS and requires the executive commissioner of HHSC to collaborate with the commissioner of DFPS in adopting rules specifying information to be included in the passport. The bill updates references to DFPS and the commissioner of DFPS as appropriate and removes references to HHSC with respect to certain DFPS functions.

C.S.H.B. 5 requires the executive commissioner of HHSC to transfer the appropriate divisions, resources, and personnel to DFPS to allow DFPS to perform its general functions.

C.S.H.B. 5 repeals the following provisions:

- Section 261.001(7), Family Code
- Sections 264.001(2) and (3), Family Code
- Section 40.0506, Human Resources Code
- Section 40.0507, Human Resources Code

EFFECTIVE DATE
