AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Texas Workforce Commission (TWC) Civil Rights Division (CRD) enforces housing discrimination laws. These laws are enforced by conducting investigations, compliance monitoring of conciliation agreements, education, and outreach. CRD is required to monitor compliance with conciliation agreements per its contract with the United States Department of Housing and Urban Development; however, there is no current statutory mechanism for CRD to monitor compliance.

Currently, when a housing discrimination complaint is filed with the TWC Civil Rights Division, attempting to resolve the issue through conciliation is always the first step, and at all possible times, TWC also engages in conciliation throughout the investigative process. However, current statute does not specify how the CRD can ensure compliance with a conciliation agreement.

S.B. 1737 amends the Property Code to allow TWC to review conciliation agreements for compliance. The bill further requires that if TWC has reasonable cause to believe that a respondent has breached a conciliation agreement, TWC shall refer those cases to the Office of the Attorney General with the recommendation for the filing of a civil action.

Statute currently does not provide TWC with clear statutory authority to enforce a conciliation agreement if the respondent has been found in breach of that agreement.

S.B. 1737 provides TWC with clear statutory authority to refer cases where a respondent has breached a conciliation agreement in fair housing cases to the Texas attorney general.

As proposed, S.B. 1737 amends current law relating to the filing of a civil action by the attorney general to enforce the Texas Fair Housing Act.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
