AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The enabling act for the Live Oak Underground Conservation District (district) is not codified into law. S.B. 2186 resolves any conflicts of law so that the district can be codified. What's more, the bill eliminates antiquated or unnecessary language and modernizes the district's enabling legislation. The bill also strikes provisions where general law (Chapter 36, Water Code) already provides governance. Finally, the bill limits the bonding and taxing authority to that under Chapter 36 (Groundwater Conservation Districts), Water Code, eliminating the more broad-based powers under Chapter 49 (Provisions Applicable to All Districts), Water Code.

As proposed, S.B. 2186 amends current law relating to the Live Oak Underground Water Conservation District.

RULEMAKING AUTHORITY

Rulemaking authority previously granted to the Live Oak Underground Water Conservation District is rescinded in SECTION 1 (Section 5, Chapter 715, Acts of the 71st Legislature, Regular Session, 1989) of this bill.
