AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Montgomery County Municipal Utility No. 100 (district) encompasses an area approximately 759 acres within the extraterritorial jurisdiction of the Cities of Willis and Conroe. The land located within the district is proposed to be predominately developed for single-family use and is in need of new and expanded road facilities.

In the 79th Legislature, this municipal utility district (MUD) was created. However, at the time, there was no set template for MUDs. This resulted in this MUD lacking the authority to impose taxes, issue bonds and obligations to provide road facilities to the district. Since that time, a standard template for MUDs has been created by the legislature that includes this power. This bill seeks to add this power to the MUD and equate it to other MUDs in the surrounding areas in powers.

The Act authorizes the district to impose taxes, issue bonds and obligations to provide road facilities to the district.

As proposed, S.B. 2252 amends current law relating to granting road powers to the Montgomery County Municipal Utility District No. 100, and provides authority to issue bonds.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
