AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Continuing development and growth in Central Texas, including Hays County, has created the need for large-scale, permanent improvements such as water supply and distribution facilities, wastewater collection and treatment facilities, drainage and flood control projects, and thoroughfare improvements. Article XVI, Section 59 (Conservation and Development of Natural Resources and Parks and Recreational Facilities; Conservation and Reclamation Districts), and Article III, Section 52 (Counties, Cities or Other Political Corporations or Subdivisions; Lending Credit; Grants; Bonds), of the Texas Constitution provide for the creation of local governmental districts which may incur indebtedness to provide such permanent improvements and levy taxes for the maintenance and operation of such improvements and the repayment of indebtedness.

S.B. 2297 allows LaSalle Municipal Utility District No. 3 the authority to impose assessments on property to finance the construction or maintenance of a recreational facility or improvement, provided that a written petition requesting that facility or improvement has been filed with the board and the board holds a hearing on the proposed assessments. S.B. 2297 also names temporary directors and makes minor changes to reconfigure the boundary of the district.

As proposed, S.B. 2297 amends current law relating to the temporary board of and financing of certain facilities and improvements by the LaSalle Municipal Utility District No. 3; providing authority to impose an assessment.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
