

By: Johnson of Dallas

H.B. No. 2480

A BILL TO BE ENTITLED

AN ACT

relating to provisions applicable to affordable housing located in a reinvestment zone in certain areas of the state.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 311.003, Tax Code, is amended by adding Subsection (e) to read as follows:

(e) Before adopting an ordinance designating a reinvestment zone described by Section 311.0112, a municipality must prepare or have prepared an affordable housing impact statement. The statement must be made available to the public and posted on the municipality's Internet website at least 60 days before the municipality holds the hearing required under Subsection (c). The statement must include estimates of the impact on the availability of affordable housing in the area of the proposed zone for the 30-year period following designation of the proposed zone.

SECTION 2. Section 311.006(e), Tax Code, is amended to read as follows:

(e) Subsection (a)(1) does not apply to a reinvestment zone: (1) designated under Section 311.005(a)(4); or (2) described by Section 311.0112.

SECTION 3. Chapter 311, Tax Code, is amended by adding Section 311.0112 to read as follows:

Sec. 311.0112. PROVISIONS APPLICABLE IN CERTAIN ZONES. (a) This section applies only to a reinvestment zone:

1 (1) designated by a municipality:

2 (A) with a population of 1.18 million or more;

3 and

4 (B) that is located predominantly in a county
5 that has a total area of less than 1,000 square miles; and

6 (2) any part of which is located in an area composed of
7 census tracts forming a spatially compact area contiguous to a
8 central business district with:

9 (A) fewer than 75,000 residents;

10 (B) a median family income that is less than
11 \$30,000 according to the last decennial census; and

12 (C) an overall poverty rate that is at least two
13 times the poverty rate for the entire municipality that designated
14 the zone.

15 (b) For purposes of this section, an area adjacent to a
16 reinvestment zone means any area within two miles of the zone's
17 boundaries in any direction that is not located within the
18 boundaries of another reinvestment zone.

19 (c) Subject to Subsection (d), at least 20 percent of the
20 revenue from the tax increment fund of the reinvestment zone spent
21 annually must be for the development, construction, and
22 preservation of affordable housing in the zone and in the area
23 adjacent to the zone. Of that amount:

24 (1) at least 75 percent must be spent to benefit
25 families that have a yearly income at or below 60 percent of the
26 area median family income, adjusted for family size; and

27 (2) not more than 10 percent may be used to pay

1 administrative costs.

2 (d) Subsection (c) does not apply if the use of the revenue
3 in the tax increment fund in the manner required by that subsection
4 would materially impair the security for bonds or notes issued
5 under Section 311.015 before September 1, 2017.

6 (e) A project or reinvestment zone financing plan for a
7 reinvestment zone that is approved or amended on or after September
8 1, 2017, must require the developer of a residential housing
9 development located in the zone and funded wholly or partly with
10 money from the tax increment fund for the zone to:

11 (1) subject to Subsection (f), set aside at least 20
12 percent of the planned dwelling units in each residential housing
13 development as affordable housing with an affordability period of
14 at least 40 years; and

15 (2) enter into a contract with the municipality that
16 designated the zone to pay the costs of relocating residents of the
17 zone and the area adjacent to the zone who are displaced as a direct
18 result of the residential housing development.

19 (f) As an alternative to the set aside requirement under
20 Subsection (e)(1), the municipality that designated the
21 reinvestment zone may allow a developer to pay a fee to the
22 municipality. The amount of the fee is determined by the
23 municipality. The municipality shall deposit the fee in an
24 affordable housing fund administered by the governing body of the
25 municipality. Money in the fund may be used only to:

26 (1) subsidize the cost to the municipality of tax
27 abatement agreements entered into under Section 311.0125 with the

1 owners of real property located in the zone if:

2 (A) the real property subject to the tax
3 abatement agreement is the owner's residence homestead; and

4 (B) the owner, at the time the tax abatement
5 agreement is entered into, has:

6 (i) resided in the zone for 10 or more
7 years; and

8 (ii) a yearly income at or below 60 percent
9 of the median family income in the zone, adjusted for family size;
10 and

11 (2) pay to a qualified for-profit entity or a
12 nonprofit entity for the purpose of developing, constructing, or
13 preserving affordable housing in the zone and in the area adjacent
14 to the zone for families that have a yearly income at or below 60
15 percent of the area median family income, adjusted for family size.

16 (g) Section 311.0125(b) does not apply to a tax abatement
17 agreement described by Subsection (f)(1).

18 (h) Notwithstanding any other law, a project or
19 reinvestment zone financing plan for a reinvestment zone that is
20 approved or amended on or after September 1, 2017, shall provide
21 that when money is spent from the tax increment fund for the zone
22 for the purpose of making infrastructure improvements in the zone,
23 a proportionate amount of money in the fund equal to not more than
24 20 percent of that amount must be spent from the fund to provide
25 necessary infrastructure improvements in the area adjacent to the
26 zone. The plan shall provide that the governing body of the
27 municipality that designated the zone determines:

1 (1) the proportionate amount to be spent in the area
2 adjacent to the zone, subject to the limitation provided by this
3 subsection; and

4 (2) the infrastructure improvements that are
5 necessary in the area adjacent to the zone.

6 (i) Notwithstanding Section 1.04(7), in determining the
7 market value of a residence homestead that is more than 30 years old
8 and located in a reinvestment zone or in the area adjacent to the
9 zone, the chief appraiser for the appraisal district in which the
10 property is located may exclude from consideration the value of new
11 or substantially remodeled residential properties that are located
12 in the same neighborhood as the residence homestead being appraised
13 and that would otherwise be considered in appraising the residence
14 homestead.

15 (j) If the municipality that designated the reinvestment
16 zone has adopted minimum habitability standards for residential
17 housing units in the municipality, the municipality shall develop
18 and adopt a plan to provide for the relocation of tenants displaced
19 as a result of the enforcement of those standards. The plan must
20 provide that the municipality may use any penalties received from
21 the owner of the housing unit from which tenants were displaced to
22 pay the tenant's relocation costs.

23 SECTION 4. Section 311.016, Tax Code, is amended by adding
24 Subsection (c) to read as follows:

25 (c) In addition to the information required under
26 Subsection (a), the annual report for a reinvestment zone described
27 by Section 311.0112 must include the following information,

1 specific to each neighborhood located in the zone:

2 (1) a detailed explanation of each expenditure from
3 the tax increment fund established by the zone for affordable
4 housing in the neighborhood; and

5 (2) an analysis of:

6 (A) the effect of each expenditure from the fund
7 on the availability of affordable housing in the neighborhood; and

8 (B) whether any expenditure from the fund had a
9 disparate impact on minority or low-income neighborhood residents.

10 SECTION 5. This Act takes effect September 1, 2017.
