The commissioners court may provide for the mandatory payment to be assessed quarterly. In the first year in which the mandatory payment is required, the mandatory payment is assessed on the net patient revenue of an institutional health care provider as determined by the data reported to the Department of State Health Services under Sections 311.032 and 311.033 in the fiscal year ending in 2015 or, if the institutional health care provider did not report any data under those sections in that fiscal year, as determined by the institutional health care provider's Medicare cost report submitted for the 2015 fiscal year or for the closest subsequent fiscal year for which the provider submitted the Medicare cost report. The county shall update the amount of the mandatory payment on an annual basis.

(b) The amount of a mandatory payment authorized under this chapter must be uniformly proportionate with the amount of net patient revenue generated by each paying hospital in the county. Sec. 293A.154. PURPOSE; CORRECTION OF INVALID PROVISION OR PROCEDURE. (a) The purpose of this chapter is to generate revenue by collecting from institutional health care providers a mandatory payment to be used to provide an intergovernmental transfer described by Section 293A.103(c)(1).
