12 interpreted to relieve the city or the county from providing the  
13 level of services provided as of the effective date of the Act  
14 enacting this chapter to the area in the district. The district is  
15 created to supplement and not to supplant city or county services  
16 provided in the district.

18 The district is created to serve a public use and benefit.

27 district is initially composed of the territory described by
