8 (d) For purposes of Subsection (a)(13), an advanced

10 provider in a managed care organization's provider network
11 regardless of whether the physician supervising the advanced
12 practice registered nurse is in the provider network. This
13 subsection may not be construed as authorizing a managed care
14 organization to supervise or control the practice of medicine as
15 prohibited by Subtitle B, Title 3, Occupations Code.

21 commissioner shall adopt rules to require a managed care
22 organization or other entity to ensure that advanced practice
23 registered nurses and physician assistants are available as primary
24 care providers in the organization's or entity's provider network.

1 The rules must require advanced practice registered nurses and
2 physician assistants to be treated in the same manner as primary
3 care physicians with regard to:

4 (1) selection and assignment as primary care
5 providers;

6 (2) inclusion as primary care providers in the

8 (3) inclusion as primary care providers in any
9 provider network directory maintained by the organization or
10 entity.

13 managed care organization's or entity's provider network regardless
14 of whether the physician supervising the advanced practice
15 registered nurse is in the provider network.

16 (c) This section may not be construed as authorizing a
17 managed care organization or other entity to supervise or control
18 the practice of medicine as prohibited by Subtitle B, Title 3,
19 Occupations Code.

20 SECTION 3. Section 32.024(gg), Human Resources Code, is
21 amended to read as follows:

22 (gg) Notwithstanding any other law, including Sections

27 whether the physician supervising the advanced practice registered

1 nurse is included in any directory of providers of medical
2 assistance maintained by the commission. This subsection may not
3 be construed as authorizing the commission to supervise or control
4 the practice of medicine as prohibited by Subtitle B, Title 3,
5 Occupations Code. The commission must require that advanced
6 practice registered nurses and physician assistants be treated in
7 the same manner as primary care physicians with regard to:

8 (1) selection and assignment as primary care
9 providers; and

10 (2) inclusion as primary care providers in any
11 directory of providers of medical assistance maintained by the

13 SECTION 4. If before implementing any provision of this Act
14 a state agency determines that a waiver or authorization from a
15 federal agency is necessary for implementation of that provision,
16 the agency affected by the provision shall request the waiver or
17 authorization and may delay implementing that provision until the
18 waiver or authorization is granted.

19 SECTION 5. This Act takes effect September 1, 2017.
