Fiscal Analysis

The bill would amend Section 351.102 of the Tax Code regarding the pledge of municipal hotel occupancy tax revenue to certain bonds, and entitlement of certain municipalities to state tax revenue associated with certain hotel projects.

The bill would amend Subsections (b), (c) and (d) and add new Subsection (e), to extend the application of this section's provisions to a municipality that borders Clear Lake, has a population of more than 83,000, and is primarily located in a county with a population of less than 300,000. The bill would allow a municipality described in Subsection (e) to use revenue and to pledge that revenue for the payment of bonds or other obligations to acquire sites for and construct, improve, enlarge, equip, repair, operate and maintain coliseums, multiuse facilities, venues and other related infrastructure.

This bill would take effect immediately upon enactment, assuming that it received the requisite two-thirds majority votes in both houses of the Legislature. Otherwise it would take effect September 1, 2017.

Methodology

The City of League City currently has plans for multiple convention center hotels to open in 2019. The city would be entitled to state sales tax and state hotel tax revenue associated with a qualified hotel project under Section 151.429(h) of the Tax Code via Sections 351.102(b) and (c) of the Tax Code. Such funds must be deposited in a suspense account outside the state treasury to be paid to the owner of a qualified hotel project.

This estimate is based on the planned room size of the prospective hotels, an assumed average nightly room rate and annual average occupancy rate, an incremental gain in room nights sold in the state, and the ratio of state sales tax to hotel tax revenues paid to the owners of the extant qualified hotel projects.

In fiscal 2016, a total of \$12,135,272 in state tax revenue was allocated for qualified hotel projects in the cities of Dallas, Fort Worth and San Antonio

Local Government Impact

The City of League City would be entitled to state sales and hotel tax revenue associated with a qualified hotel project.
